

# LLOYD GEORGE AND DEVALERA ENJOY TEA

## PREMIER AND IRISH LEADER HELD LONG SESSION THURSDAY

Made Clear to Each Other the Steps That are  
Necessary to Get Together for Peace Set-  
tlement—Irish People Pray in Front of  
Residence—Cordiality Marks the Meeting

(By The Associated Press)  
LONDON, July 14.—Premier Lloyd George and Eamonn DeValera, Irish Republican Leader, had tea together in the premier's official residence in Downing street this afternoon and spent more than two hours and a half making clear to each other the circumstances under which they thought Great Britain and the Dail Eireann might be willing to seat delegates at a conference table with representatives of Ulster in an effort to compose the age-long differences between the three parties and settle the Irish question.

What many English people not long since would have considered impossible has happened—this meetings of the British prime minister and the man whose supporters designate him "president of the Irish Republic."

The extreme length of the private conversation and the fact that it is said to have ended "amiably," and that an agreement was reached to issue a joint communique is interpreted as a good augury.

## CANCELLATION OF DEBTS SUGGESTED BY LLOYD GEORGE

Wrote Letter to Presi-  
dent Wilson in  
August 1920

(By The Associated Press)  
WASHINGTON, July 14.—Premier Lloyd George of Great Britain in a letter to President Wilson in August, 1920, referred to suggestions that the inter-allied debts be reciprocally cancelled and asked Mr. Wilson's advice as to the best method by which the whole problem could be considered and settled by the United States government.

The letter was written at the earliest possible moment that the political situation in America makes it possible. The British chancellor of the exchequer six months earlier had cabled a British treasury official in the United States declaring "we should welcome a general cancellation of inter-governmental war debts."

This information was given today by treasury officials who appeared before the senate finance committee considering the administration bill to give the secretary of the treasury broad powers in refunding the allied debts to the United States.

Assistant Secretary of the Treasury Wadsworth in concert with Senator LaFollette, Republican, Wisconsin and on request of other committee members, read into the committee record a lengthy extract from Premier Lloyd George's letter and a part of the British chancellor's cablegram. The latter was advised to receive Lindsey the British treasury representative and in turn referred by him informally to receive Leffingwell, then assistant secretary of the treasury.

Would Not Be Considered

The two communications brought immediate questions from members of the committee and a statement from Secretary Mellon that the cancellation suggestion had not been broached to him since he assumed office and would not be considered if made.

The treasury officials gave no testimony to show whether Mr. Wilson or the treasury replied to the two communications and the committee adjourned until tomorrow after asking that treasury documents relative to America's loans to the allies, now in the custody of the senate judiciary committee, be obtained.

Questions involved in refunding of the foreign loans also came in for discussion from time to time today on the senate floor in connection debate on the soldier bonus bill.

Senator Kellogg, Republican, Minnesota, criticized the Wilson administration for failure to bring about the refunding of the allied loans and Senator Glass of Virginia, secretary of the treasury during a portion of that administration declared that the

## RECESS MAY BE TAKEN BY JURY UNTIL MONDAY

Probe Seems to Center  
Around Curtis' Grant  
Park Bank

(By The Associated Press)  
SPRINGFIELD, Ill., July 14.—The grand jury investigation of alleged manipulation of state treasury interest earnings will continue tomorrow with Harry Luehrs, chief assistant in the treasurer's office resuming his testimony. It was said tonight after evidence presented by Luehrs had consumed the greater part of today's inquiry.

It was reported tonight that the investigation will not touch upon the Julius Johnson incident or other charges that irregular loyalties were conducted by some of Governor Small's appointees during the closing days of the legislature until the treasury probe is completed.

Indications pointed towards a recess by the grand jury tomorrow until Monday. At least no ballot by the jury on the question of indictment of Governor Small or Lieutenant Governor Sterling was expected before next week.

Curtis' Secretary Testifies

Miss Alice Cornell, former secretary to the late Senator E. C. Curtis also testified today. In announcing tonight that he has been compelled to discontinue the services of Judge Samuel S. Anderson of Charleston and a number of other assistants, Attorney General Brundage reiterated his statement that plans for the investigation now in progress were formulated last January and were not the result of spite because of Governor Small's veto of \$700,000 from the Attorney General's appropriation. "If the veto had anything to do with this investigation it is more reasonable to presume that the governor knew this was coming and struck back with his veto," Attorney General Brundage said.

Many inheritance tax attorneys throughout the state severed their connections with the attorney general's office today along with Judge Anderson as a result of the governor's veto of a large part of the Bundage pay roll.

Whether the "Grant Park Bank," the institution around which the grand jury investigation of the state treasury centers, was a going financial institution and assessed upon its properties is information which is expected to be imparted to the grand jury tomorrow.

Alleged Big Interest Paid

It was the "Grant Park Bank," said by friends of Governor Small, to have passed out of existence when the new state bank law became operative last winter through which a \$10,000,000 loan of state funds was made to Chicago packers. The packers' notes are said to have drawn seven and eight per cent interest. The state is said to have received only two per cent interest on the \$10,000,000 during the two terms when Governor Small and Lieutenant Governor Sterling were the state treasurers.

County Clerk Henry J. Groenewoud, of Kankakee county, has been summoned before the grand jury with instructions to bring with him the records of his office relative to assessments made in the township in which Grant ark, the home of the late Senator E. C. Curtis is located.

The "Grant Park Bank," it is contended by persons in close touch with the investigation was a "book" bank only, used by Len Small and his associates for transactions which were not made as part of the regular business of the Small and Curtis chain of banks.

Under the new treasury law, which becomes operative next month, state money must be loaned to the highest bidder. During the Small and Sterling terms in the treasury the law demanded at least two per cent interest on state money and according to Attorney General Brundage intended that all interest in excess of two per cent at all belonged to the state.

TAFT PERFORMS  
FIRST OFFICIAL ACT

Washington, July 14.—Chief Justice Taft performed today his first official act as head of the nation's judiciary, granting a petition for a writ of habeas corpus to a man before the supreme court in a case involving a party wall in the District of Columbia.

INVITE PARTICIPATION  
IN OREGON EXPOSITION

Washington, July 14.—A resolution authorizing the president to invite foreign nations to participate in the exposition to be held at Portland, Oregon, in 1925 was reported today by the house foreign affairs committee.

These Belgian peasants rendered homeless and orphaned by the Germans, are allowed to live rent-free in "dug-outs" built on Ostend beach by the Germans. Their presence is a grim reminder to holiday makers from all over Europe of the tragedy of ravaged Belgium.

## PERSHING MAKES DESTRUCTION AND INFORMAL CALL DEATH FOLLOW IN ON COMMITTEES WAKE OF STORM

Would Establish Better Relations Between  
Army and Congress

(By The Associated Press)  
WASHINGTON, July 14.—General Pershing took measures today to establish better relations between the army general staff of which he is now head, and congress.

Accompanied by his executive assistant, Major General Harbor, he called on the military committee of both houses, exchanging pledges of co-operation with chairmen and members in an effort to make the army worthy of the nation.

Incidentally, it was said by committee men, the general broke a precedent, for he was declared to be the first chief of staff to have called informally on the committees since the staff came into being.

"We regard the military committees as very important parts of the military establishment of the United States," said General Pershing to the senate committee. "We are asking that you give us the advantage of your experience and knowledge of military affairs and we shall do likewise. We shall endeavor to carry out your will as expressed by the law and hope for most friendly relations."

The general added that the latch string of the general staff headquarters was always out for committee members.

WOMAN FINALLY  
FOUND GUILTY

Mrs. Dora Waterman Will Serve 17  
Years for Murder of Husband—  
Third Woman Out of Twenty-  
One to Be Convicted

(By The Associated Press)  
CHICAGO, July 14.—Mrs. Dora Waterman was found guilty tonight by a jury at her trial on a charge of slaying her husband. Her son, Jacob Waterman, 17 years old, who was charged with being an accessory was acquitted. Mrs. Waterman was accused of hacking her husband to death with a meat cleaver so she might obtain possession of his property. In reply she pleaded self-defense. Mrs. Waterman was the third woman to be convicted out of twenty-one tried on charges of murder in the past score of years in Chicago.

Mrs. Waterman was sentenced to 17 years in the penitentiary.

MINERS DECLINED  
WAGE REDUCTION

Kansas City, July 14.—Representatives of the United Mine Workers of America, in districts 14, 21 and 25, covering Missouri, Kansas, Oklahoma and part of Arkansas, met here today with members of the Southwestern Interstate Coal Operators' association and John P. White, special envoy for miners' national headquarters and declined to accept a voluntary reduction in the wages of day and monthly workers.

The operators requested reductions of \$1.50 a day for men and 82 cents a day for boys on the ground that the cost of living had been lowered and that material reductions have been made in the selling price of coal, which has absorbed all the profits and some of the cost in many cases.

## JAPAN IS READY TO CONFER ON DISARMAMENT

Withholds Assent on  
Discussion of Far  
East Question

(By The Associated Press)  
WASHINGTON, July 14.—Japan is ready to enter the disarmament conference but withholds assent to an unrestricted discussion of Far Eastern questions as a part of it.

The viewpoint of the American government is that a solution of the Far Eastern questions is a necessary accompaniment to any disarmament program.

Thus develops the first hitch—if a hitch it turns out to be—in President Harding's plan to remove the causes for heavy armaments and then reduce the armaments themselves.

American officials however are optimistic that a way will be found for a satisfactory conference to which Japan will be a party and form a program of armament reduction acceptable to all.

The Japanese reply to the primary question of whether she would receive an invitation to such a conference came to the state department today thru the American embassy at Tokio. Its text was not made public.

Jay Attitude Known

During the day, however, it became known that the attitude of the Japanese government was known to the government here.

This attitude is that the disarmament question is a vast one in itself, and that if other questions are introduced into the field of discussion the conference may be so broadened as to endanger its success.

Japanese officials are said to feel this to be particularly true if the questions so introduced are to affect the delicate balance of diplomatic relations in the orient.

There is manifest interest in Tokio that such a debate might open a box of troublesome diplomatic intricacies which would set for Mr. Harding's conference a task of readjustment even greater than that attempted by the peace conference of Versailles.

To this is opposed the opinion of American officials that if all the nations first agreed to come into the conference whatever limitations appeared advisable could be fixed by general assent afterward.

Just what will be the next step of the president and his advisers did not appear tonight. China having accepted the invitation unconditionally during the day, however, all of the invited powers were on record as agreeing at least to the apparent purpose of the state department to regard the assembling of the meeting as assured and to proceed in due course to issue notes of invitation in more formal character.

Two courses are open in attempting to bring Japan into full participation. The state department may again present the case to her informally and ask that she consider once more the return of an unqualified acceptance.

On the other hand this government may go forward with its plan of sending out formal invitations in the hope that the officials at Tokio will decide they can secure a satisfactory delimitation of the discussions after the delegates have assembled.

MRS. KABER MAY  
KNOW FATE FRIDAY

CLEVELAND, O., July 14.—Eva Catherine Kaber, on trial for the murder of her husband, Daniel F. Kaber, may know her fate tomorrow night. The defense rested its case this afternoon after Mrs. Kaber had refused to come in to court voluntarily, submit to examination by physicians to determine her mental condition and to talk even to her counsel.

Rebuttal testimony of the state's attorneys and probably sur-rebuttal by the defense is expected to be completed by noon tomorrow. Arguments by counsel then will follow. Each side has been allotted two hours and less time may be consumed, counsel indicated. The court then will charge the jury and send it to its room for deliberation on a verdict.

INSPECTED MONTREAL  
HARBOR AND CANALS

Montreal, July 14.—Members of the Great Lakes-St. Lawrence Deep Water association touring the route of the proposed deep waterways spent today inspecting the Montreal Harbor and Canals and departed tonight for Quebec, the last point to be visited by the party. The spirit of international good will and co-operation that has been emphasized by Canadian officials during the tour, marked all of today's tour.

## SOLDIER'S BONUS BILL IS BASIS OF TURBULENT DEBATE IN U. S. SENATE

Kellogg Says That Any Cash Proposition  
Places Patriotic Service on Cash Basis—  
Senator Reed Says the Angel Gabriel  
Will Not be Able to Resurrect the Measure

(By The Associated Press)  
WASHINGTON, July 14.—President Harding's proposal that the soldier bonus bill be recommitted to the finance committee was the basis of turbulent debate in the senate today, charges of "dictation" being advanced by Democrats and denied by Republicans. By agreement the vote on recommitment would be taken tomorrow.

In preparation for final action Senator Kenyon, Republican, Iowa, offered an amendment which would instruct the finance committee to report back the bill early in January. Opposition was immediately voiced from both sides, Senator Borah, Republican, Idaho, characterizing the suggestion as "moral cowardice," and asserting that six months' delay would make no difference to the taxpayers, while Senator Watson, Democrat, Georgia, described the proposed action as "a floral wreath on the grave of the bill."

Allied debts, tariff and tax revision figured in the discussion. Democrats and Republicans joined in declaring the allied debt refunding was not sufficient ground for deferring the bill.

The bill itself was assailed by Republicans as well as Democrats.

Senator Kellogg, Republican, Minnesota, said it was "a sham" in being devoid of taxes for payment and Senator Borah said the whole course of congress in dealing with the legislation was a "disgrace." The latter opposed "any cash proposition" declaring it was to measure patriotic service by cash.

First Duty to Disabled Soldiers

"Our first duty is to the disabled soldier," he said. "And it will be a tremendous burden. Until that has been met we should not impose on the government other burdens which would hamper in taking care of the disabled soldier."

Senators Harrison, Mississippi, McKellar, Tennessee and Reed, Missouri made the principal pleas against recommitment from the Democratic side.

The Mississippi senator referred to President Harding as a "dictator" and urged the Republicans not to "surrender." He declared the president's course indicated "lack of respect" for congress and warned the Republicans they could not play "double with the people."

Senator Reed also declared recommitment would be a "polite way of killing the bill."

Gabriel Could Not Resurrect Bill

President Harding's address, he said, made no suggestion as to time "when the stone would be rolled away from the sepulchre."

"If there is a spark of life left in it when it is rolled with the Penrose embalming fluid," said Mr. Reed "the angel Gabriel could not resurrect it."

Senator Kenyon challenged the argument that funds were lacking to pay the bill's burden. He said that people had paid \$1,600,000 recently "to see a slacker knock a Frenchman into insensibility," and declared that means could be found to pay the soldiers.

Taxpayers now living "in a Dantean hell of misery," would be further burdened if the bill were enacted Senator Borah declared in announcing that he would vote to recommit the measure because he was opposed to it in principle.

"What use is it to give the soldier a few dollars," he asked, "if you thereby decrease the value of the liberty bond bought by his mother and increase the taxes paid by his father?"

WEATHER REPORT

ILLINOIS:—Fair Friday and probably Saturday, except thundershowers in extreme south portion Friday; cooler in south portion Friday.

Temperatures

The current, maximum and minimum temperatures as recorded Thursday were:

**FOR BUILDING HOMES**  
Senator Calder says that the banks should help out with the housing situation by making liberal interest terms for their customers. A man not engaged in banking is not expected to know much about that intricate business, but in this part of the country it is generally conceded that the banks have more applications for loans than they can readily accommodate. Then there is the theory that most bank loans are expected to be of a liquid kind and not tied up for a period of years.

quisition for some of the used furniture which is now crowding the attic and basement rooms of the capitol. That was a practical beginning.

**SAVING MONEY ON HARD ROADS**  
The bid on the hard road construction in Morgan county was a trifle less than \$30,000 per mile. This sum was about \$8,000 a mile less than the bid for similar work a few months ago. After Gov. Small's determined stand prices asked by the contractors began to decline, with the result that a very substantial saving has been made for the people.  
These reductions were not made until every possible influence had been brought to bear upon the governor to build roads now at any price. Bids were received Tuesday for 135 miles of road and the contracts for most of these stretches were let. A saving of \$8,000 a mile or anything like that sum on a total of 135 miles speedily runs to big figures.

**CROSS COUNTRY TRAVEL**  
The importance of being "on" the Pikes Peak Ocean to Ocean highway is easily shown by a few records. One day within the past month a farmer who lives on the highway a few miles west of Jacksonville counted 44 tourist automobiles that passed his house during the daylight hours of that one day.  
Traffic may have been exceptionally heavy that day, but it is safe to say that the average number of tourist cars passing on the highway is between 25 and 30 a day.

**THE BUSINESS PROSPECT**  
A business man of wide experience said yesterday that conditions in the past few months have shown but slight improvement, but there are indications, he said, for better times not far ahead. The railroad situation is basic and as soon as the government determines upon the method of meeting the obligations to the railroads and the payments are made a change will come. With money available the roads will begin the buying of new equipment. That will mean business for the steel mills. It is a recognized fact that unless the railroads and the steel producing concerns are operating in a prosperous way that general business conditions are not satisfactory.  
Let us hope that this time of revival is not a long way in the distance.

is the result of years of determined, persistent work by forward-looking men in every section of Illinois who were united in their effort to "Pull Illinois Out of the Mud."  
With the coming of the hard roads, more attention should be given to one of our community's assets of great possibilities, the Pikes Peak Ocean to Ocean Highway. This is one of our country's three important transcontinental highways and is the shortest and most-travelled of the three. Jacksonville has been on this highway from the beginning, but is just beginning to realize its good fortune.

Hundreds of tourist cars are now passing over this highway daily during the touring season, which, with the coming of hard roads, will be the year around. Long distance tourist travel by auto is yet in its infancy. No one can tell what the future will bring with these transcontinental trails running east and west across our country.  
Development of these national highways is coming rapidly, and Jacksonville must wake up and get busy or it may lose this highway which will soon be of greater importance to the city than any other railroad, for these highways bring travellers into the business district where the usually stop a while, long enough to spend money, and long enough to see what we are and advertise us.

**ICE CREAM SOCIAL AT WOODSON SCHOOL**  
An ice cream social was given Thursday evening on the lawn of the Woodson school by members of the "Shamrock" class of the Presbyterian church Sunday school, of which Mrs. Jack Steinmetz is the teacher. The attendance was very large and patronage liberal, and consequently there will be a tidy sum to add to the class treasury. Ice cream, cake and hamburgers were served during the evening.  
Rainbow supper, Lynn M. E. church, Wednesday, July 20. Murrayville Orchestra.

**HACKETT WILL GO TO TRAINING CAMP**  
John Hackett of 876 West State street has received notice that his application for entrance in the Citizens' Military Training Camp had been granted. This camp will be held at Camp Grant, near Rockford, Illinois, July 21 to August 20.  
Several other Jacksonville young men are also thinking of taking advantage of the opportunities offered by the government for military training for a short period. Francis E. Carroll of 919 North Main street has made an application, but has not yet had time to hear from it.  
The government provides railroad fare, equipment and board for all who attend the camp. Regular army rules are in force at all times. There is a Y. M. C. A. building on the grounds, where various forms of recreation may be enjoyed.

**ADAMS COUNTY CLERK WAS VISITOR IN CITY**  
W. J. Smith of Adams county, who is president of the Illinois Association of County Clerks, was in Jacksonville yesterday and called upon County Clerk G. L. Riggs. The Adams county man was en route to Alton, where he was to meet the executive committee of the county clerk's association of the state, to make certain arrangements for the state convention.  
**FUNERAL NOTICE**  
Funeral services for Mrs. Flora Patterson will be held from St. Emory Baptist church this afternoon at 2:30 o'clock in charge of the Rev. H. H. DeWitt.

**HARD ROAD WORK MEANS NEW ERA**

Section to be Built Is Link on Cross State Highway—Route in Detail.

The construction by the state of Illinois under the provisions of the sixty million dollar bond issue for a state hard road system for Illinois of the hard road on the Morton road extending from Jacksonville to Island Grove station for which a contract has just been let will mark an era in the development of the agricultural and other business interests of this community as well as the educational and social interests of this section of Illinois.  
This road is the initial link in a cross-state hard road from a point east of Danville via Decatur, Springfield and Jacksonville to Hannibal and Quincy. Already connections by hard road are available at Springfield for Chicago and St. Louis. In the course of the large towns and cities in the state will be linked together with this state-wide system of hard roads. Not only will these hard roads carry an enormous amount of farm traffic and tourist travel, but, in the opinion of students of transportation it is only a question of time until the railroads must abandon much of their short-haul freight and passenger traffic to be hauled over hard roads.

This will give us quicker service, better and more wide-spread distribution and lower carrying charges. Undoubtedly this trans-state hard road will provide a commercial passenger and freight transportation. To Morgan county and her interests, agricultural, commercial, educational and social the possibilities of this hard-road system are of incalculable importance.

The road from Jacksonville to Springfield when completed will be one of the finest roads in the prairie section of our state as it will be a direct straight road with scarce a turn in it, almost level and probably without a grade-crossing of a railroad. The road for which the contract has just been let will be of concrete and will extend from the east end of the hard road on the Morton road to a point just east of Island Grove station. Going east from Jacksonville the road will not cross the Wabash at Arnold but will continue east from Arnold on the south side of the railroad to the ravine in the Moore timber and will go under the Wabash at that point on a long easy curve.

As the road approaches Alexander, it will leave the present highway and enter Alexander on an angle or curve which will connect with the road on the north side of the square, thence it will follow the present highway straight-away to the county line, the road which runs north and south at Brown's crossing and from this point it will go directly east to connect at Island Grove with the present highway leading to New Berlin, thus eliminating the two grade crossings of the Wabash on the present highway and straightening the road from Alexander to New Berlin.

East of New Berlin the road will follow the present highway to a point just east of Bates and will follow the newly opened road following along the north side of the Wabash, on which the United States is now constructing experimental roads, and will enter Springfield over the St. Louis-Springfield hard road known locally as the Chatham road.

With the road construction under contract and the roads already built there will be but two stretches of earth road between Jacksonville and Springfield—one from Island Grove to a point just east of Bates and the other from the east end of the United States experimental roads to the Chatham road. Undoubtedly contracts for the construction of these sections will be let in the near future.  
The State of Illinois will refund to Morgan county, the amount the county paid for construction of the present hard road on the Morton road and this money will be available for the construction of hard road elsewhere in the county.

It is of great importance in this connection that some means be found to connect the Morton road hard road with the pavement on Morton avenue.  
The construction of this hard road will discharge the county and road district from any further care of the road and relieve them from any future expenditures thereon as the state will hereafter care for and maintain the road.

It is interesting in this connection to note that the route of the road from Springfield to Jacksonville follows very closely the trail over which the Kellogg families, the first white settlers in the present Morgan county, came to their locations on the Manvalsterre in 1819 and the route adopted by the Northern Cross railroad about 1840.

It has been said in the discussion of hard roads that too few roads could be made and that too few would benefit by them. It is true that those farmers living near these roads and those towns on the routes will enjoy the greatest benefits from them, but it is also true that everyone in the community will be benefitted by them and the building of these initial roads is but the first step in the development of a widely extended hard road system. A start must be made somewhere. Roads in all parts of the county or state could not be started at the same time. We are starting and further development will come rapidly. The trouble is that for a century we have been wasting vast sums on mere temporary road maintenance and should have long ago started on permanent road betterments.

have long ago started on permanent road betterments.  
The road from Jacksonville to Meredosia has for a hundred years been an important highway—for many years one of the most important in Illinois as it carried freight and passengers from Meredosia, long time important river station, to Jacksonville and Springfield, both of which were for several decades among the largest cities of the state. Today that road aside from some bridges and grading is in practically the same condition it was a century ago so far as any permanent improvements are concerned. About 1838 the Northern Cross railroad was started from Meredosia to Jacksonville.

That railroad has developed into the great Wabash system, but the earth road alongside of it shows little permanent betterment. Illinois is starting a hard road system which should have been commenced a year ago. The future should show, as has the last few years, a marvellous betterment of highway conditions and now that hard roads are building all over the state, we should soon have a wide-spread system of hard roads. The building of the new hard road follows and is the result of long years of discussion and controversy during which the public has been awakened to the importance of our highways.

These of our citizens who from the beginning of the present era of highway improvement advocated the building of hard roads are seeing the results of their efforts. At the beginning few agreed that hard roads were a possibility and even yet many citizens are advocating the so-called permanent earth roads—an impossibility in Illinois prairies.

**REPORTS INDICATE FINE YIELD OF WHEAT**  
An excellent wheat yield is indicated by reports of threshing operations in Woodson precinct. Yesterday a field of forty acres belonging to Mrs. Luella Henry was threshed and the yield was 1,450 bushels, or 36 1-2 bushels per acre. A field of 150 acres belonging to Raridell Bros. made a yield of a little more than 30 bushels to the acre.

**C. OF C. DIRECTORS HELD WEEKLY CONFERENCE**

Delegation Will Attend Picnic at Waverly—Information and Employment Bureau Part of Service Planned—Forum Meets Tonight.

Directors of the Chamber of Commerce held a weekly meeting Thursday night at headquarters in the Myers building. John W. Merrigan, vice-president, presided. Secretary Welch presented a number of matters which were discussed in an informal way. It is proposed to have the Chamber of Commerce largely represented at the Tri-County picnic to be given in Waverly, July 28. This picnic will be under the auspices of the farm bureau organizations of Morgan, Sangamon and Macoupin counties.

One matter discussed was a slogan for the city, to be used in connection with all publicity matter. The directors will welcome suggestions from members of the Chamber of Commerce or other persons.

It is the intention of Secretary Welch to maintain bureaus of information and employment. The information department will be especially for the benefit of tourists and various ways will be followed to let the travellers know that they can find facts about Jacksonville or territory adjacent at the C. & C. offices. Through the employment bureau it will be the purpose to render service both to persons who are seeking work and to those who need workers.

The directors found the new quarters attractively furnished. After the regular routine of business several suggestions as to C. C. of C. activities were presented. The general opinion that the policy of the organization will be to undertake any task, no matter how small, which will be of service to the community.

Announcement was made that Dr. Carl E. Black, as chairman of the forum, has chosen Dr. C. H. Rammelkamp and John J. Reeve as his associates and these names were approved by the directors. At the forum meeting to be held tonight in the chamber headquarters the Ocean to Ocean highway reorganization will be presented. The members of the Chamber of Commerce and representatives from a number of smaller towns will be present. There will be no solicitation for memberships at this meeting.

NASH REPRESENTATIVE VISITS LOCAL DEALERS  
I. A. Murphy, territorial manager for the Nash auto factory, is spending a few days with Rux, Roat & Depe, local dealers. Mr. Murphy states that while business is a little slack just now, his company is working full time, believing that after harvest, trade will resume its old time briskness.  
PROBATE COURT  
In the estate of Evelyn P. Brown, the will was admitted to probate and letters testamentary ordered to issue to E. E. Crabtree and Frank J. Waddell. In the estate of John T. Willoughby, on petition J. O. Priest was named as administrator. H. E. Harms of Meredosia was up to the city yesterday.

**Terrific PRICE SLASHING in our ALTERATION SALE**  
Beginning Saturday, July 16th for TEN DAYS  
During construction of a new front by the Knollenberg estate we will offer merchandise AT BIG SAVINGS. Sale prices will not prevail after sale ends. You should take advantage of these bargains.  
**Five More Years**  
We've just increased the term of our lease by five years and we will obtain a new store front, painting and interior improvements at no expense to ourselves or our patrons which will make trading more pleasant and convenient.  
A wise man once said that if a man but build a mouse-trap a little better and cheaper than others, even he will have a path to his door. Our records show that in seven odd months we have sold some thirty-four hundred pairs of shoes—a mere detail, but very significant when one considers that boxes, trunks and stairway have served our customers benches and, may we be permitted to believe, they were satisfied because they realized our prices were reasonable and our guarantees definite and reliable.  
Now we are preparing to add more comfortable service to our low prices and guarantees which will make it still more advisable for you to trade here—the store that undersells them all.

### CITY AND COUNTY

Clifford Ranson of Franklin came to the city yesterday. Mr. and Mrs. Royal Onkes of Bluffs were among the city arrivals yesterday.

**GOT ME UP, SAYS ILLINOIS WOMAN**  
Mrs. Sampson Had Been in Bed for Three Months and Relatives Had Given Up Hope.

"I was down in bed and had been there for nearly three long months when I started taking Tanlac, but in less than a week's time I was able to be up and today I am in as good health as I ever was," said Mrs. George Sampson, 408 Norris street, Ottawa, Ill.

"Besides getting relief from my troubles I have actually gained thirty pounds in weight. I was a complete nervous and physical wreck, weighed only about one hundred pounds. I had been in bed for nearly six years and then some time ago I broke down completely and had to take to my bed. My nerves collapsed; sleep was almost out of the question and I began to fall off in weight.

"My stomach was badly disordered, gas would form and cause smothering spells and I would try to climb out of bed and fight for breath. I would fall into sinking spells at times and then again would almost go into hysterics. I was hardly more than a frame and so weak I could scarcely raise my head off the pillow. My relatives and friends had given up hope for me and I had almost lost heart myself.

"That was the condition I was in when a friend persuaded me to try Tanlac. My appetite just seemed to return right away and I began to eat better, sleep better and feel stronger. Well, before I finished that first bottle I was out of bed and by the time I had taken my fourth bottle was able to do my housework and take care of my six children.

"I took a few more bottles of Tanlac just to make sure my troubles would not return and I am in absolutely perfect health today."

Tanlac is sold in Jacksonville by the Shreve's Drug Store.—Adv.

### FARM BUREAU NOTES

**Farm Bureau Notes**  
Implements Used in Cultivating Corn—During the past eight years the Illinois Agricultural Experiment Station has conducted an experiment to test the relative merits of four of the common type of cultivator; viz.: the small eight-shovel cultivator, the disk cultivator and the large four-shovel cultivator.

The first three implements are adapted to shallow level cultivation and were used in that way. The large shovel cultivator runs rather deeper and tends to leave the surface ridged. The disk cultivator is adjusted to throw the soil to the corn each time. A drag attachment is fitted to the cultivator which draws the soil back from the corn, thus preventing any considerable ridging of the surface.

The average yields obtained by the use of the three surface cultivators were practically equal. As an average of the yields for the eight years, cultivation with the large shovel cultivator resulted in a yield of 1.8 bushels per acre less than the average yield obtained by the use of the surface cultivators.

**Alfalfa Seed.**—Thoroughly matured alfalfa seed is a deep, golden yellow. When the seed possesses a slightly greenish tinge it is frequently immature and possesses hard seed coats. Most of this seed, however, will grow. Black or brownish shriveled alfalfa seed is poor in germination. It is seed which is dead and should be rejected. Use only new seed with a high germination test, not less than 85 percent and free from weed seeds, especially noxious kinds.

**Weed Control.**—During the season of 1920-21, 9,100 samples of seed were analyzed in the Laboratory of the State Seed Analyst at Springfield and 960 samples were found to contain noxious weeds in greater proportion than the law would allow. Consequently the seed represented by these samples was unsuitable for seeding purposes.

These results are better than those of the season of 1919 and 1920, by 1.1-2 percent and shows what can be accomplished when a standard of purity is established. Much improvement in the quality of seed can be made if weed control is given proper attention. In some counties last year advice was given regarding clover fields being cut for seed which resulted in a purer quality of seed, while in other cases where the advice regarding the cutting out of curled dock was disregarded he owner lost \$6.00 per 100 lbs. on his clover crop.

**How to Control the Weeds.**—1. Cut weeds in all waste places, fence rows, road sides and pastures.

2. Cut or pull noxious weeds and remove them from the field before harvesting the crop of clover or timothy. The noxious weeds specific in the Seed Law are, Canada Thistle, Quack grass, dodder, wild mustard, wild carrot, buckhorn, curled dock, field sorrel, ox-eye daisy and corn cockle.

3. Where the fields are weedy in spots, such as low places, or around old straw stacks, it is advisable to cut and burn the crops on such spots before harvesting. 4. After hulling and threshing, it is advisable to reclean and take samples during the recleaning by taking out two handfuls per bushel, which should be thoroughly mixed and then two ounces for analysis taken from this.

5. Seed ought to be analyzed whether it is to be used on one's farm or for sale. 6. Use special methods to get rid of any varieties of weeds,

which are very plentiful. The Farm Bureau will gladly give what our experimenters have found.

7. Sow only pure seed.

### KIWANIS CLUB HELD WEEKLY LUNCHEON

Brief Addresses Made by Several at Noonday Meeting of Recently Organized Club—Standing Committees Announced

The weekly luncheon of the Kiwanis club was held at the Peacock Inn at noon Thursday, with Dr. F. A. Norris, vice president, presiding. Several brief addresses were made, those who spoke being Rev. E. L. Fletcher, superintendent of Jacksonville district of the M. E. church; Harold Welch, secretary of the Chamber of Commerce, and John M. Walshe, assistant manager of the Pike's Peak Ocean to Ocean highway.

At the business session a number of the new by-laws were considered. Harold Welch was elected an honorary member. The following standing committees were announced:

Program—Fletcher Hopper, C. J. Wright, Warfield Brown, E. V. Bassett, Wood Phillips.

Membership—John W. Larson, Dr. F. A. Norris, C. E. Williamson, C. J. Wright, Fletcher Hopper.

Attendance—Charles H. Story, Edward Tomlinson, H. E. Wheeler, G. Roy Scott, Fletcher Hopper.

Reception—Dr. Garm Norbury, Thomas Worthington, Wood Phillips, George Douglas, W. J. Houston.

House—A. B. Applebee, William Floeth, Jr., J. M. Rule, G. A. Sieber, Milton Stout.

Finance—C. E. Williamson, Hubert Little, John J. Johnson, Robert Mullenix, H. J. Smith.

Education—B. F. Shafer, Dr. L. Freeman, Thomas W. Smith, E. L. Fletcher, Thomas Worthington.

Publicity—W. A. Fay, Hugh Breeden, Albert Renner, William Berryman, J. M. Rule.

Inter-City Relations—A. T. Capps, J. L. Johnson, J. E. Osborne, G. E. Guthrie, E. B. Conover.

Public Affairs—C. Y. Rowe, Joshua Vaseconcelos, Marcus Hallett, W. H. Cocking, Ollie Parker.

Business Methods—Lloyd S. Reid, J. G. Berger, George Edmonds, Jr.

**FORMER RESIDENTS VISITING HERE**

## Deaths

**Duncan**  
Mrs. Elizabeth Duncan, of Waverly, passed away at 8:50 Wednesday evening at a local hospital. The remains were removed to J. H. O'Connell's undertaking parlors and prepared for burial.

Mr. Thomas Duncan, husband of the deceased, accompanied the remains to Waverly yesterday. Funeral services will be held from the family home in Waverly at 2:30 Friday afternoon. Interment in the Waverly cemetery.

## Chapin

Miss Lucy Catlin received

word of the death Wednesday evening of her uncle, Cornelius O. Chapin of Hutchinson, Kansas.

Deceased was for a long time a resident of this vicinity. He was a brother of Lyman, Capt. Horace and Q. H. Chapin, and Mrs. Thomas Catlin, mother of Mrs. Lucy of this city. He was eighty years old at the time of his death.

He was married in early life to Miss Mary Detrick, daughter of Dr. and Mrs. Detrick, well known here. His wife survives him. They were the parents of one son who was accidentally killed. He left an infant son whom the grandparents took to raise and he was accidentally killed when twelve years old. Mr. Chapin was a man of fine character and greatly respected by all who knew him.

## Richardson

Miss Mollie Richardson, aged 61, died at Our Savior's hospital, Thursday night at 11:45 o'clock. She was the daughter of William Richardson.

Surviving are one brother, William Richardson of Franklin, and two sisters, Mrs. Charles Button of Jacksonville and Mrs. Sadie Ballew of Fort Meyer, Virginia.

The body was removed to the Cody undertaking parlors, and will be taken to Franklin for burial. The funeral will be announced later.

Mrs. A. R. Morrison of 715 West North street returned home Wednesday from St. Louis, where she had been called by the illness of her sister, Teresa Mulady.

## TRADES AND LABOR ASSEMBLY OFFICERS

Were Chosen Thursday Evening—Assembly Also Sends Telegram of Protest of Chinese Coolies Going to Hawaii.

Members of the Trades and Labor Assembly held its semi-annual election of officers at the regular meeting Thursday evening. The following were chosen: President—Patrick Hayes. Vice President—Harry Dawson.

Corresponding and Recording Secretary—Abe L. Wood. Financial Secretary—Treasurer—Charles Hess.

Trustees—Frank Murphy, John Burkert, Sergeant at Arms—Moscoe Sutton.

The assembly also took action on a telegram received from Samuel Gompers, president of the American Federation of Labor urging that a telegram be sent to the Hon. Albert Johnson, chairman of the Committee of Immigration and Hon. Guy L. Shaw, members of the committee, protesting the admittance of 50,000 coolies into Hawaii.

The assembly instructed Abe L. Wood, secretary, to send the telegram. The telegram from Mr. Gompers and the message sent by Mr. Wood to Mr. Johnson and Mr. Shaw follow:

"Washington, D. C., July 12, 1921.

"A critical legislative situation exists in congress. The sugar planters of the Hawaiian Islands are making a desperate effort to have congress pass a resolution permitting fifty thousand Chinese coolies to be contracted for and imported into Hawaii. A resolution was introduced in the House of Representatives permitting the immigration of Chinese coolies to Hawaii but was defeated on Thursday. Immediately thereafter another resolution of a similar character was introduced referred to the Committee on Immigration and on Friday morning, without hearing was reported favorably to the House, showing how desperate and despicable are the methods employed to break down the Chinese exclusion law and the protection it affords to our civilization. Unless intelligent and prompt action is taken not only by labor but by all who are interested in maintaining the civilization and standards of the people of the United States and its possessions the first inroads will be made in permitting at least fifty thousand Chinese coolies to go into Hawaii. It is urged that you send protest against passage of this bill to Honorable Albert Johnson, Chairman, Committee on Immigration and Honorable Guy L. Shaw, member of committee on Immigration, House of Representatives, Washington, D. C., and have friends and sympathizers do likewise. Send copy of your telegram to your fraternal.

"SAMUEL GOMPERS."  
Jacksonville, Ill., July 14, 1921.  
Hon. Albert Johnson, Chairman Committee on Immigration, Washington, D. C.

By direction of the Trades Assembly of this city I respectfully and emphatically protest against the passage of the resolution now pending in the House of Representatives, providing for the importation of 50,000 Chinese coolies into Hawaii.

Abe L. Wood, Secretary.

## LONE WOLF WILL HANG FRIDAY

Chicago, Ill., July 14.—Harry Ward, known as the "lone wolf" bandit who is to be hanged tomorrow morning for the killing of Thomas Graney and Rudolph Schwartz who attempted to interfere with him when he held up a hat store, penned a letter to newspapers in which he criticised old reform school methods, lauded Judge Ben Lindsay of the Denver Boys' Court, paid a tribute to his mother, and lauded Chicago girls.

Ward spent the day singing parodies on popular songs for the entertainment of fellow prisoners.

## Social Events

## Gave Lawn Social

A lawn social was given Thursday night at the home of Miss Eleanor Moore, 829 West State street, by the Ladies' Aid society of Westminster church. There was liberal patronage and the event was a success. The lawn had been prettily lighted with Chinese lanterns and a number of tables were attractively spread.

## Mr. and Mrs. Eyer

Entertained Friends  
Mr. and Mrs. Eyer entertained a number of people Wednesday evening at their home on Mound avenue. Among them were Mr. Eyer's aunt, Mrs. Lydia Monnette of Indiana, Mrs. William Franz of California, Mr. and Mrs. John Bowen and Mrs. Charlotte Brown of this city. Home made ice cream and cake was served and the evening was pleasantly spent.

## Pleasant Hour

Club Held Meeting  
The Pleasant Hour club met at the home of Mrs. E. D. Pyatt Wednesday. This was the monthly meeting. A large number of the members were present. During the social hour refreshments were served. Mrs. Mather was a guest of the club. The August meeting will be held at the home of Mrs. Birkenhead of South Diamond street.

## Ice Cream Social

A Success  
The ice cream social given last evening by the ladies of Westminster church proved most successful in every way. The affair was held on the spacious lawn of Miss Eleanor I. Moore's home on West State street and a large number of people were present to partake of the delicious ice cream and cake served during the evening.

## Junior Endeavor

Society Holds Picnic  
The Junior Christian Endeavor Society of the Central Christian church enjoyed a picnic at the lake last evening. About fifty of the young people met at the church at three o'clock and drove out to the park in cars. Games, swimming and boating were the afternoon amusements and at 5:30 a fine picnic supper was served. The outing was arranged by a number of the mothers including Mrs. O. D. Graft, Mrs. Patton, Mrs. E. A. Olds, Mrs. L. T. Hamilton and Mrs. Robert Mullenix.

## Linen Rush for

Miss Dawson  
Yesterday evening Misses Ida and Hazel Widmayer gave a linen rush at their home on West State street in honor of Miss Leona Dawson, who is soon to wed Eugene Carver of Minnesota. A good number of young ladies were present and the hours of the evening were most pleasantly spent. Nice refreshments varied the program and a goodly amount of useful linen was given Miss Dawson.

## Missionary Circle

Studies South America  
"Latin America" was the subject for the evening when the Elia Ewing Missionary Society of Central Christian church met last night for the regular meeting at the home of Miss Marie Finney on Jordan street. The meeting was in charge of Mrs. Lee Crawford and after the devotional services a very interesting program was given. Mrs. Florence Gilham read a special leaflet on "The teaching of the Bible in Latin America," and Miss Pearl Jewsbury spoke of the "Teaching of the Bible in Porto Rico."

Miss Sarita Jones of South America, who has been a student at Illinois Woman's College, was present and gave a very interesting talk on Christian work being done in Latin American countries.

The members answered roll call with a verse of scripture, after which the meeting adjourned to

a social hour and dainty refreshments were passed by the hostess.

## Out-of-Town Guests

Honored at Reception  
A delightful reception was given yesterday afternoon by Mrs. Charlotte Gray assisted by the members of the Woman's Relief Corps and the W. C. T. U. in honor of Mrs. C. L. Frame of Los Angeles and Mrs. Maria Monnette of Chicago who are summer guests in the city. Both of the honor guests formerly lived here and have many friends in the city. Other guests were members of the Matt Stars Post G. A. R.

The affair was given at the home of Mrs. Gray on West College avenue. About 75 guests enjoyed the generous hospitality of the hostesses. The Gray home was most attractively decorated with cut flowers. During the afternoon refreshments of ice cream and cake were passed to the guests. Assisting Mrs. Gray in entertaining were Mrs. Strawn, Mrs. McCurley, Mrs. Waber, Mrs. Funk and Mrs. Rice, of the domestic committee.

## Strawn's Crossing

Club Meets  
The Strawn's Crossing Country Club met yesterday afternoon at the home of Mrs. A. D. Arnold. Mrs. Ed. Phillips had an interesting paper on "Great Moral Leaders" and Mrs. Edward Sturgeon talked on "Education for Morality." The members answered roll call with the name of a sacred song. The program committee for the ensuing year was named, as follows: Miss Anna McDonald and Mesdames Deaton, Arnold and Sturgeon. Following business session presided over by Mrs. Roy Newberry, president, a pleasant social hour was enjoyed. Guests of the afternoon were: Mrs. W. T. Scott, of Orleans; Mrs. Earl Lukeman of east of town; Mrs. J. W. Arnold, of Orleans; Mrs. George Holle, of Orleans; and Mrs. E. O. Cully of Strawn's Crossing; Mrs. Ed. Tindall, Mrs. M. Matson, Miss Margaret Corrington, Mrs. Edith Bosart, and Mrs. R. Reynolds, of California, a sister of Mrs. W. T. Scott.

The club will meet again July 26 with Mrs. Robin Strawn.

## WOULD ACCEPT FORD'S PROPOSAL FOR MUSCLE SHOALS NITRATE PLANT

## Automobile Man Offers Five Million Dollars for Lands

WASHINGTON, July 14.—Secretary Weeks' announced tonight that he would ask congress to grant authority to accept a proposal by Henry Ford for acquiring the government nitrate plant at Muscle Shoals, Alabama, if the offer was found to be substantial.

Mr. Ford offers to buy the nitrate plant, equipment and lands for five million dollars and lease for one hundred years the Wilson and Number Three dam when completed at an annual obligation of one million five hundred thousand dollars. He proposes to convert the works into a fertilizer plant, the profits of which would be limited to eight per cent and to keep it in readiness for the manufacture of explosives by the government in time of war.

If acceptance of the offer is found advisable Mr. Weeks said he would ask congress for authority to sell the plant and lease the dam for an appropriation to complete the electric installation on them. This work is estimated to cost twenty-eight million dollars, and on this sum Mr. Ford proposes to pay interest at the rate of six per cent and to amortize the entire cost of both dams over a period of one hundred years.

Discussions with Mr. Ford leading up to the offer, Secretary Hoover said were conducted by Assistant Secretary of Commerce Houston with the approval of Secretary Weeks.

## INTERNATIONALE

CLOSED SESSIONS  
Riga, Latvia, July 14.—A Moscow wireless message says that the congress of the Third Internationale closed its sessions Wednesday. The congress of communist trades unions is continuing.

## OPEN DAY AND NIGHT

## CAPPS FACTORY AND MERCHANTS TIED

Capps Factory and the Merchants baseball teams tied at State hospital diamond Thursday evening, the final score being six all.

The teams were tied at the end of five innings and it was decided to play it off but darkness stopped the contest. Several men were hit by the pitcher in the gathering darkness and it was deemed best to call the game before some one was seriously hurt. The lineups:

Capps—Henderson, 2b; McNamara, 3b; DeSilva, ss; Brown, 1b; McDaniels, p; Nunez, lf; Mahoney, cf; Towers, rf; Sullivan, c.

Merchants—Dickason, ss; Devlin, 2b; Lynn, c; Hart, rf; Summers, lf; Curtis, 1b; Shibe, 3b; Flynn, cf; Zell, p.

## NEW YORK AGAIN DEFEATED ST. LOUIS

New York, July 14.—New York won its third consecutive victory of the series with St. Louis today in an extra inning contest, 4 to 3. Burns' single in the tenth with the bases full scored New York's winning run.

Score:

St. L., 010 110 000 0—3 6 1  
N. York 001 110 000 1—4 14 3

Bailey and Dillhoefer; Ryan and Snyder.

## Friction—the Pickpocket of Industry

IF the loss to industry through unnecessary friction could be entirely eliminated, it would mean a saving of sufficient money to pay off the combined state debt of Illinois, Indiana, North Dakota, South Dakota, Iowa, Missouri and Kansas in a single year.

—(Moody's Manual)

It would represent twice the value of all the vessels produced in the United States in a normal year, and would be greater in value than the annual rye, barley, or rice crop.

—(Statistical Abstract of U. S.)

The value of power lost to industry through friction has been estimated to reach the staggering total of \$185,000,000 annually.

—(Industrial Oil Engineering)

Realizing that friction is an undesirable partner of industry, and feeling its obligation as the leader among manufacturers of lubricants, the Standard Oil Company (Indiana) has for years maintained a staff of lubricating engineers and lubricating chemists, whose business it has been to consult with industrial engineers to solve for them their individual lubricating problems as they are presented.

The services of these men are given without charge, and the saving effected has been great.

When it is realized that every machine presents a friction problem, and that every industry, from cotton goods to corn flakes is dependent on proper lubrication for turning out its product efficiently, one function of the Standard Oil Company (Indiana) becomes more apparent.

## FABER STOPS WINNING STREAK OF SENATORS

Sox Take Game by Score of 3 to 1—Collins Starts Rally in Seventh Which Scores all of Winner's Runs.

CHICAGO, July 14.—Urban Faber stopped Washington's winning streak today when Chicago won from the Senators 3 to 1. The game was a pitchers' duel with Mogridge opposing the Chicago ace. Faber let the visitors down with three hits, one of which was a home run by Miller, which saved them from a shutout. Eddie Collins who made three of the five hits off Mogridge, started the White Sox rally with a single in the seventh.

After the next two men had been retired Mostil walked and Sheely followed with a double to center sending two runs home. Sheely scored a minute later on Schalk's double. By beating the Senators today Faber is credited with eighteen victories and six defeats for the season. The score:

Washington A. B. R. H. O. A. E.  
Judge, 1b, 2 0 1 10 1 0

## Paris Offers New Cup Race

For your summer party Paris suggests the cup and saucer race. It's loads of fun! One cup and saucer is placed on the head and one carried in each hand. Above, the winner of such a race given for French war orphans is being congratulated by his friends.

## FIRST TWO MINUTE MILE OF SEASON

Was Paced by Single G. at Toledo Thursday—Won the Race in Straight Heats.

TOLEDO, O., July 14.—The first two minute mile of the season was stepped today when Single G. paced the first mile in the tree for all in that time. In second heat Single G. came the last quarter in 27.4 seconds. W. B. Barefoot of Cambridge City, Ind., owner of Single G. was presented with a large loving up at the close of the race.

The Fort Miami stake was divided into two divisions, the Toddler winning the first division with Great Britton winning a heat. When Dodge, driver of Great Britton, allowed the Toddler to go thru on the inside, the judges called all bets off and reserved their decision.

Eliza Dillon won the second division of the Fort Miami stake, in straight heats while Kilo Watts battled all the way for a share of the money. Shawnee won the 2:10 trot in straight heats.

The 2:15 trot was carrier over until tomorrow. The crowd today was the largest in the history of grand circuit racing here.

Just as the horses got away in the last heat a terrific wind and rain storm broke and it was difficult to see the horses on the far side of the track.

Miss Cordelia Lee of Kansas City, Mo., is visiting at the home of her cousin, Mrs. Frances Brown and family, 921 West State street.

## Proud Horse

Mrs. Warren G. Harding expressed her admiration for "Billy," pet name of the Cuban army team. Galapagos, Silva, owner of "Billy," recently wrote a note to Mrs. Harding, presenting a note to her. Mrs. Harding reluctantly declined the offer, but invited the colonel and his wife to the White House to thank him.

## CINCINNATI WINS FROM BROOKLYN

Reds Break Grimes' Winning Streak by a 6 to 5 Victory—Brooklyn Rallies and Sends Eller to Showers in Eighth.

BROOKLYN, July 14.—(National)—Burleigh Grimes' winning streak was broken today when Cincinnati beat the Superbas 6 to 5. Brooklyn rallied in the eighth, knocking Eller out of the box, but was unable to tie the score as Rixey was rushed to the rescue and held them hitless.

## BOSTON BREAKS LOSING STREAK

Defeated Cleveland by Score of 5 to 2—Game Was Pitchers' Battle Between Jones and Morton.

CLEVELAND, O., July 14.—Boston broke its losing streak and put an end to Cleveland's winning streak today when it won 5 to 2. It was a pitchers' battle between Jones and Morton. The latter had won three straight and had not been scored upon in 22 innings prior to the sixth inning of today's game. Cleveland had numerous chances to win but Jones was effective in the pinches.

## GEORGE R. FOX GIVEN SURPRISE ON BIRTHDAY

Party Planned by His Daughter-in-Law—Many Relatives and Friends Present.

When George R. Fox awoke yesterday morning at his pleasant home two miles north of Chapin, he had no idea of anything unusual but his dutiful daughter-in-law, Mrs. Earl Fox, on several ideas in mind. For several weeks she had been sending word by phone, letter and otherwise to come July 14th to her surprise birthday party and they came in good numbers and the surprise was indeed complete.

His brothers, Rev. Ezra and several other relatives came from Gibson City while from Chapin, Jacksonville and all about the neighborhood automobiles kept rolling up to the spacious grounds about the beautiful home which indeed presented a lively appearance. The surprise was com-

plete and all went merrily as a wedding bell. Friends and relatives vied with each other in tendering congratulations and good wishes and all did their part toward making the day what it should be. Quite a number of presents also attested the esteem in which Mr. Fox is held by a large number of friends.

Of course the dinner was spread from the baskets of the guests and was a prime feature of the occasion and the feast of good things was great and all that could be asked. A birthday cake with 77 candles was a fine production on the list of good things which would fill a small volume and all ate till more than satisfied.

Mr. Fox was born on the farm which he now occupies, July 12, 1844, in a log cabin which stood near the site of the present home. He was the son of John Haughton Fox and Maria Rean Fox. He attended the public schools of the vicinity and a year at school in Winchester and taught by Father Parker.

He followed the occupation of farming principally but gave it

up seven years ago. He spent two winters in Florida and the Bahamas, and some time with his son Dr. Fred Fox who lives near St. Louis.

### Married in 1861

He was married November 2, 1861, to Miss Margaret Elliott Biggers who died October 5, 1917. Their children are Dr. Fred B., near St. Louis; George E., deceased; Richard E., a farmer in the vicinity; Walter Roy, in steel and cement business in New York City; and Earl E., of Florida. The latter is in the employ of a tractor company and at present is in Cuba on business for the firm and his wife is keeping house for Mr. Fox and right nobly and faithfully does she care for him.

There are also in the family six grand children.

For some years Mr. and Mrs. Fox attended the Congregational church of Joy Prairie but later allied themselves with the Methodist Protestant church of Chapin.

The Fox family have all been known for many years and today they are pretty well divided between this county and Gibson City. Their orchestra for many years discoursed fine music which will long be remembered by all who heard it. They have generally been successful in business and have ever borne a reputation for integrity and kindness to all who knew them.

As the day wore on the guests departed with high compliments for the hostess and many good wishes for Mr. Fox.

### The Guests

The writer tried to get the names of those present and hopes none were omitted. They were:

L. Lattue, J. W. Claus, H. G. Alderson, Mr. and Mrs. Charles B. Joy, James F. Joy, A. B. Callaway, Miss Frances English, Mrs. R. P. Joy, Louis Callaway and wife, Mr. and Mrs. Chester Joy, Mrs. John B. Joy, Mr. and Mrs. J. Marshall Miller and daughter, Rev. and Mrs. J. L. Wallace of Chapin, Mr. and Mrs. F. C. Nickel, Mr. and Mrs. T. H. Pratt, Mr. and Mrs. Edward Joy, Miss Abbie Hayden, Mrs. George Dietrich, Mr. and Mrs. J. Z. Fox, Mr. and Mrs. Otto Nickel, Mr. and Mrs. R. N. Nickel, Miss Sarah Dietrich, Mrs. Cornelia Lane, Mrs. Isaac Moxon, Miss Josie LaRue, Miss Esther Nickel, J. Frank Brown, wife and two sons, Miss Edna

Plank, Mrs. Esther Plank, R. G. Green, and wife of Gibson City, Miss Lucille Alvord, Lafayette, Ind.; Mrs. C. Bridgman, Mr. and Mrs. E. H. Nienheiser, Mrs. H. O. Crum of Oklahoma City, G. A. Allen and wife, Mr. and Mrs. Morris E. Fox, Morris E. Fox, Jr., Harlow Fox, Mr. and Mrs. Herbert Green of Gibson City (Mrs. Green is a sister of Mr. Fox), Mr. and Mrs. Edgar Fox of Gibson City, Miss Alpha Nickel, Miss Vivian Alderson, Mrs. Edith Fox, hostess, Miss Martha Alderson, Arthur French, Mrs. J. M. Fox, Miss Marion Miller, Miss Isabel Fox, Mr. and Mrs. John Claus, Mr. and Mrs. John Menter of Jacksonville, Rev. Ezra Fox of Gibson City, F. P. McKinney and wife.

### ICE CREAM SOCIAL GIVEN AT MANCHESTER

Worth While Girls of Baptist Church Served Ice Cream in Park—Other Manchester Items.

Manchester, July 14.—The Worth While Girls of the Baptist Sunday school gave an ice cream social in the park Wednesday evening. A great many persons availed themselves of the opportunity to secure excellent ice cream and home made cake and the girls realized a neat sum from the undertaking.

Mrs. Fred Peak returned Wednesday evening from Cincinnati, where she has spent the past week visiting relatives. Mr. Peak, who has been in action for the past few days, drove to Carlisle and accompanied his wife home.

Dr. E. O. Hess, sons Donald and Reginald, of Jacksonville, were Wednesday evening visitors in Manchester. Dr. Hess expects to make professional visits to Manchester Monday and Thursday evenings of each week.

Mr. and Mrs. William A. Rendell were visitors at the home of relatives in Winchester Thursday.

Miss Olive Huss of Jacksonville is a guest at the home of William Cockrell east of town.

Mrs. Meda Andras was a Jacksonville visitor Thursday.

J. C. Binder of Milwaukee, Wis., was a visitor with city friends yesterday.

## FUNERAL OF MRS. PEAK HELD AT WINCHESTER

Well Known Resident Laid to Rest Thursday Afternoon—Former Residents Wed in Chicago—Other Winchester Items

Winchester, July 14.—Funeral services for the late Mrs. James Y. Peak were held at the Baptist church Thursday afternoon at 4 o'clock. The auditorium and Sunday school room were filled with relatives and friends of the deceased, who was widely known and held in high esteem in the community.

Music was furnished by a double quartet, the opening number being "Lead Kindly Light." The Scripture lesson and prayer were by Rev. W. R. Johnson, and then the quartet sang "Beautiful Isle." Elder George Murray read an obituary sketch and made brief remarks. A solo, "Saved by Grace," was then sung by S. G. Smith. The funeral discourse was delivered by Rev. Mr. Johnson. The minister paid a fine tribute to the life of the deceased, as did Elder Murray.

There were many beautiful flowers and these were cared for by Mrs. Lake Whitlock, Misses Georgia and Louise Hamilton and Elizabeth Peak. Interment was made in Winchester cemetery, the bearers being Mark Peak, Roy Hamilton, Allen Stewart, William Campbell, William and Keith Peak.

Mr. and Mrs. H. C. Magill of Jacksonville gave a cooking demonstration of the Wear-Ever aluminum before the household science department of the Woman's Club Thursday afternoon. There was quite a large attendance and the occasion was an especially interesting one.

Miss Louise Hamilton of Chicago arrived Wednesday, called by the death of her aunt. Relatives here have received word announcing the marriage of Frank Lilley of Chicago to Miss Jennie Richardson. The marriage took place in January but has been kept a secret until the present time. Both bride and groom formerly resided in Winchester and have many friends here to extend hearty congratulations.

Ray and Alta Stewart of St. Louis were called here Wednesday by the death of their aunt, Mrs. James Post, of Winchester. Mrs. Edward Rohrig, daughter

Elizabeth and son John have returned home from a ten days' visit in Pittsfield.

A large number attended the boat excursion on the Illinois river Wednesday evening.

Mrs. Joe Patrick, who has been ill for the past ten days, is now improving in a gratifying way.

### Try our special dinner, the best in the city for fifty cents, at the Douglas Cafe.

### TOURISTS CAMPED AT NICHOLS PARK

Two parties of tourists camped at Nichols park Thursday night. One was composed of Mr. and Mrs. Joseph Bowlder and several children and grandchildren. They were en route from their home in Colorado Springs, Colo., to Toledo, O., and were driving a Case touring car.

The other campers were Mr. and Mrs. Lafayette Roberts of Delaware county, Indiana, who were returning home from a trip to Kansas where they visited Mr. Roberts' brother. They were very enthusiastic over the camping facilities at Nichols park, saying that these were better than those found at any other place where they stopped.

### CHICAGO CHILDREN ARRIVED THURSDAY

About thirty-five boys and girls from Chicago, including fifteen colored ones, arrived in Jacksonville Thursday evening on a C. P. & St. L. train. The children were met at the station by their hosts, and were taken to the places where they will spend their two weeks' vacation. This is the second year in which the Social Service league has arranged for a number of Chicago children to have a summer outing in this vicinity.

Miss Fannie Sanford of Wichita, Kansas, is visiting at the home of her sister, Mrs. G. W. Gard, at 449 South East street.

COMMANDER BARNES  
RESIGNS HIS JOB

Head of Harrison Dickson Veterans of Foreign Wars Gives Up Position to Go To School This Fall—C. E. Segner is Elected.

At the regular meeting of Harrison Dickson Post No. 503, Veterans of Foreign Wars held Thursday evening James M. Barnes presented his resignation as Post Commander.

Mr. Barnes resignation was caused by the fact that he expects to take up the study of law this fall at either Harvard or Michigan.

Walter Bland also resigned as adjutant of the post. C. E. Segner was selected to succeed Mr. Barnes as commander and Floyd Gottschall was chosen as adjutant and both entered upon their duties at once.

The new commander is an enthusiastic worker and will without doubt make an excellent officer for the post. He expects to inaugurate a number of things for the betterment of the post in the near future.

GREAT INTEREST SHOWN  
IN HIGHWAY AFFAIRS

People in Various Communities are Aiding Re-Organization Work on Pike's Peak Highway.

John M. Walshe, who is spending several days in Jacksonville and adjacent towns explaining re-organization plans of the Pike's Peak Ocean to Ocean highway, is meeting with cordial interest everywhere. Wednesday night Mr. Walshe held a meeting at Alexander which was largely attended. E. J. Kunkle presided at this meeting and Mr. Walshe made a brief address, telling what is in prospect for the Ocean to Ocean highway and what it may mean to the cities along the line.

A committee was appointed, including F. J. Kaiser, John E. Erickson and Ben Davenport, to secure the necessary memberships for a period of years. The committee was busy soon after the meeting and early Thursday morning a report reached Mr. Walshe that the quota of nine memberships had been exceeded by about 40 per cent.

On Tuesday night a similar meeting was held in New Berlin, when John Horn was the presiding officer. There, as in the other gathering, much interest was shown and it was agreed that the 14 memberships the quota of the town, was very reasonable. Two committees were appointed to secure the necessary membership, including the following: No. 1—Charles Washburn, E. C. Coulter, A. E. Washburn, No. 2—J. W. Sullivan, W. E. Gregory, C. B. Warren. They had little trouble in securing the necessary memberships.

Tonight Mr. Walshe is to address a chamber of commerce forum on the same subject and a number of visitors are expected from nearby towns and communities west of Jacksonville. The quota for this city is 80 memberships.

At the meeting tonight there will be no solicitation for membership altho committees will probably be appointed to take charge of the work.

The re-organization work has now been concluded all the way from Salt Lake City, Utah, to New Berlin with the exception of Jacksonville and three smaller communities.

STATE DIRECTOR OF  
PUBLIC HEALTH HERE

Dr. Isaac D. Rawlings Makes Interesting Address on Public Health Problems at Annual Picnic of Morgan Medical Society.

The annual picnic of the Morgan County Medical Society was held at Nichols park Thursday evening, with about thirty members and their families in attendance. Dr. Isaac D. Rawlings, state director of public health, was the speaker of the evening.

Several members of the society took advantage of an invitation to visit the new county tuberculosis sanatorium on Morton road during the afternoon. This institution, when it is fully equipped, promises to be one of the best of its kind in the state.

The physicians and their families gathered at the park about 6 o'clock, and supper was served about half an hour later.

About 7:30, when the supper had been concluded, Dr. F. A. Norris, president of the society, introduced Dr. Rawlings, who spoke in an interesting manner on "The Prevention of Certain Communicable Diseases." A number of Jacksonville people, not connected with the medical profession, went out to hear the address. The speaker is a former resident of Jacksonville, having graduated from Illinois College there. His medical training was taken at the medical school of Northwestern University.

Dr. Rawlings spoke of the medical problems connected with the prevention and control of diphtheria, smallpox and typhoid. He mentioned the advantages which will come with the employment of a full-time health commissioner in every county, and encouraged the fullest co-operation with state health authorities.

In part, he said:

"I was greatly pleased to receive an invitation to address this society. I welcome this opportunity to renew my acquaintance with the physicians of Morgan county. After reading Governor Small's medical program as set forth in his inaugural address, the speaker realized that he has a difficult task to accomplish and one that can only be carried out if he is given the full, hearty co-operation and support of the medical profession of Illinois.

"The section of public health and hygiene at its recent session at Springfield in a resolution promised the state department of public health the full co-operation of the members of the State Medical society. One of the points in which we can be of mutual assistance is in the prevention and better control of communicable diseases.

"Diphtheria Live Subject.

If we consult our statistics, we find diphtheria far from the vanishing point, and the volumes being written on how to prevent it indicate that diphtheria as a public health problem is causing as much interest and is as live a subject now as it was twenty-five years ago. True, the death rate is considerably reduced, but when a state like Illinois has over one thousand deaths annually from diphtheria, we are far from a solution of the problem.

"A practical solution of this problem is now available for the children in the families to whom you physicians are called. Further, I believe it the duty of physicians to inform the fathers and mothers of this practical and available diphtheria preventative, and doctors should advise parents to permit them to give their children this active (apparently permanent) immunity against diphtheria, known as toxin antitoxin.

"During eight years in Chicago, 59,407 cases of diphtheria were reported, with 6,949 deaths, or over nine cases to each death. Our records show in Morgan county, 25 cases reported and 5 deaths in three years.

"Conquering Typhoid Fever.

"In this disease especially are preventive measures applicable. The most important preventive procedures are: Pure water supply, general immunization of susceptible contacts, control of carriers, control of case by quarantine and control of exposed contacts by immunization and excluding those from handling food and milk.

"It is generally conceded that the best index as to how well a community is doing in its public health work is shown by the amount of typhoid in the community.

"Control of Smallpox

"The one important method of control for this disease is vaccination and revaccination. Because of the mild variety of smallpox now prevailing in the various counties, there seems to exist an indifference to vaccination not only with lay people, but also with doctors. The mild variety permits the League of Medical Freedom to successfully disseminate their propaganda against vaccination with no counter publicity on the part of the medical profession.

"Cook county is the one county in Illinois that has not neglected vaccination, and her good record is largely due to the vigorous manner in which vaccination was pushed in Chicago.

"Full Time Health Officer

"There are in the state of Illinois 2,690 health officers, only 400 of whom are physicians. A full-time county health commissioner is needed in Morgan county to instruct these non-medical health officers relative to their duties and responsibilities and to direct their efforts in the prevention and control of communicable diseases. The county health commissioner should be available by telephone to advise with these non-medical health officers, and his personal assistance should be obtainable when necessary.

"The county health commissioner, thru his activities in the rural schools, which will include such work as regular medical examinations, the distribution of

MOUND WOMAN'S CLUB  
IN REGULAR SESSION

Mrs. T. O. Graves and Mrs. D. N. James Entertain Club Members Thursday Plans Made for Annual Picnic.

The regular meeting of the Mound Woman's Country club was held Thursday afternoon at the home of Mrs. T. O. Graves and Mrs. D. N. James on North Webster avenue. There was a large attendance of members and a number of guests were also present. The assistant hostesses were Mrs. J. T. Gunn, Mrs. T. B. Martin and Mrs. Walter McCormick.

Members responded to roll call with humorous lines and brief citizenship talks. An excellent paper on "Good Citizenship" was presented by Mrs. R. G. Vasey.

At the business session a great many matters were considered. Plans were made for the maintaining of a tent at the chaquetaqua, Mrs. G. Tendick being the chairman in charge of this project.

Plans were also made for the annual picnic which will be held on August 11 at the Riley-Dolton cottage at Mercedosa bay. Committee in charge of the arrangements for the dinner includes Mrs. Baird Gunn, Miss Leto Tendick and Miss Edith Stewart. The committee in charge of the awarding of prizes will include Mrs. J. T. Gunn, Mrs. J. H. Caldwell and Mrs. F. O. Ranson.

Prizes will be awarded for the best apple jelly, (first and second prizes), best loaf of bread, best pie with upper crust, best darned stocking, best garment made by hand, best handmade handkerchief by girl under 12 years of age, best made dress, potato paring, etc. Prizes will be awarded to boys for the best made bird house and the best dozen tomato plants grown by boy under twenty years of age.

The serving of a delicious three course luncheon was one pleasant feature of the afternoon.

WILL GIVE HORSE BREAKING EXHIBITION

The committee in charge of the Tri-County farmers picnic to be held at Waverly, Ill., to give a series of horse-breaking demonstrations. Mr. Newell makes a specialty of handling horses that are hard to handle, and has exhibited his skill at a number of county fairs and farm bureau picnics. He uses whatever horses are provided by the committee.

WILL MAKE IMPROVEMENTS AT HOREN'S STORE

Louis L. Horen recently concluded a five year lease with the executors of the Knollensberg estate for the building at 12 West side public square, which he now occupies. Agreement was also reached for a new front to the building, interior painting and some additional work. When this has been completed, Mr. Horen will install modern fixtures and the store will be well equipped in every way.

Mr. Horen, after establishing the business in Jacksonville found it a desirable community and his business has grown in a very gratifying way. As the proprietor of this establishment he is a desirable addition to the business circles of Jacksonville.

WILL OF MRS. GALBRAITH IS FILED FOR RECORD

The will of Mrs. Ophelia Galbraith was made a matter of record here yesterday, altho the estate is to be administered upon in Pine Bluff, Ark., where Mrs. Galbraith was resident. Because of her ownership of real estate here it was necessary to place the will on record.

The document was made March 2, 1918. The land owned by Mrs. Galbraith in Morgan county is left to her husband, Robert Galbraith. Should he decide to sell it, the proceeds are to be divided amongst the father and three sons. Individual bequests are made to the sons of stock in the Cotton Belt Savings & Trust Co. A number of personal belongings were also distributed by the testatrix.

Mrs. Frank S. Matthews who has been ill at her home 1227 South East street for the past two weeks is improving.

## TEACHERS PLEAD FOR MODERN BUILDINGS

Should Aid Americanization by Setting Before Pupils Standards of Cleanliness and Sanitation.

CHICAGO. — School buildings should Americanize by setting before children standards of cleanliness, attractiveness, and sanitation. Neither American nor foreign-born children should be exposed to the effect of living daily in schools with grimy walls, dirty floors.

These were outstanding features in recommendations made by William T. McCoy, vice-president of the American Federation of Teachers, in rendering to the Chicago High School Federation his report of the Eastern Conference of the organization held recently in Washington, D. C.

"Our school plants should be models of neatness and sanitation," he said. "The existing deterioration of the school system throughout the country makes it imperative that teachers themselves establish standards desirable for school buildings. We note with regret that pupils and teachers are becoming accustomed to surroundings below the standards of their home environment. The social menace we see in this situation is that the public school will not continue to be a civic model but a symbol of degradation."

"The following standards for school buildings were submitted for adoption by teachers throughout the United States:

"Rest Rooms for pupils and teachers.

"Clothing closets with facilities for drying and ventilation.

"Drinking fountains so adjusted that infection from this source will be impossible.

"Hot water, liquid or powdered soap.

"Absolutely sanitary conditions in toilets.

"Thorough cleaning of classrooms at least once a month.

"Abandonment of use of classrooms without natural light and pure air.

"Insistence upon systems of ventilation, heating, and sweeping which do not dry up or contaminate the air.

"Maintenance of needed repairs within buildings and of a neat appearance outside.

"Strict conformity to regulations established by the fire department.

"Only as American teachers set the standard that school buildings shall be safe, and clean can they be said to perform their duty in teaching civics. The building will speak louder than the teacher."

## GREENE COUNTY PIONEER Dies at Patterson, Ill., At Age of 96 Years

Picture taken at time Mr. Wilkinson celebrated his 95th birthday, Feb. 23, 1920. At that time Billy, Jr., was but five months old.

White Hall, July 14.—William Jefferson Wilkinson, aged 96 years, died at his home at Patterson, Greene county, Ill., at 11 o'clock last night, following a week's illness of paralysis.

The funeral will be held Saturday afternoon at 2 o'clock at the Patterson Baptist church in charge of Rev. W. R. Johnson of Winchester.

Mr. Wilkinson celebrated his 90th birthday on the 25th of last February. He was twice married, being only 22 years of age at the time of his marriage to his first wife who was Miss Elizabeth Jane Lovelace.

She was a native of Kentucky being born near the Mammoth Cave. To this union was born two children, Truman, the son, died in infancy. Lora, the daughter, lived to womanhood and died 25 years ago. The wife died in 1887.

Mr. Wilkinson married Miss Cora Peebles for his second wife on Nov. 1, 1894, and she and their two daughters survived him at Patterson where they moved when they left the farm a few years ago. Their son Lewis, who is 25 years old is married and resides in the old home on the farm. He is the father of Billy Wilkinson, Jr., the first grand child. The daughters are Miss Lucy and Floy Wilkinson.

Mr. Wilkinson was quite active up to recent weeks and enjoyed all of his faculties with the exception of his memory. He remembers quite clearly when his parents moved from Kentucky to Illinois although he was then only two years old. He was born on the banks of the Green river two miles below Liberty in Casey county, Kentucky. A man named Murphy moved with his father from Kentucky, each man driving a team and wagon. The party first settled west of Winchester on his grandmother's farm. Her name was Mrs. Sophia East.

Later his father James Wilkinson moved to Greene county and bought eighty acres of land north of Wilmington, now Patterson.

With the rush to California gold fields, Mr. Wilkinson got the fever too and went to California and staked a claim, working in the mines for seven years. It was there that he got his start in this world's goods. He made the trip to San Francisco four times, which in those days was considered quite a feat.

At one time he owned over a thousand acres of land eight hundred of which was in what is now the Hillview drainage district.

Mr. Wilkinson was a veteran of the Civil War, having served as sergeant in Company H, 91st Illinois Volunteers.

His special hobby was the collection of relics and he had built in the yard at his farm home a house which for years was known as the Wilkinson Relic House. It is crowded with articles of great historic value and interest. A description of this collection is given in the Centennial history of Illinois.

Mr. Wilkinson was one of the highly respected residents in the community in which he lived. His home was ever known for its hospitality and he loved to entertain his friends and guests by stories of pioneer days.

Other prospectors who visited the region following the report of the strike declare that a mineral body forty feet wide and traced for 350 feet in length has been uncovered, throughout which free gold is heavily deposited. One prospector had two pounds of ore, of which samples are considered the richest ever brought here.

Another strike, the exact location of which is vague, also has thrown Peace River into the throes of gold fever. The cause of the excitement was the recent arrival of a party who investigated a claim which furnished an old Indian trapper, about 70 miles northeast of here, with a number of small nuggets.

Among patients able to leave Passavant hospital yesterday were: Gilbert Sutton, Pleasant Hill; Mrs. J. B. Beekman, Pisgah; Mrs. Fred Hamilton, Winchester.

Mr. and Mrs. Frank Daneberger of Alexander were in the city Thursday.

Dr. William O'Reilly of Winchester was a professional caller here yesterday.

Miss May Meyers and Mr. and Mrs. A. Litter called on Jacksonville friends yesterday from Litterberry.

Mr. and Mrs. William Redshaw of Winchester spent the day in the city Thursday.

Misses Blanche Harney and Pauline Olinger were visitors here yesterday from Franklin.

Murrayville people who were Thursday visitors in the city included Mrs. William King, Miss Dorothy Tendick and Miss Kate Ring.

LaVerga Owens expects to leave Friday for a two weeks' visit in Mattoon and Shelbyville.

Dr. J. W. Eckman of Winchester was a business caller in Jacksonville, Thursday.

Elisha Stout, who for several days has been visiting Elmer Stout, of this city, returned Wednesday to his home in White Hall.

## REPORT IS MADE ON ROAD CONDITIONS

Chicago Motor Club Says Have Been Bad Past Week But Are Now in Fair Condition.

CHICAGO (By A. P.)—Middle western road conditions are thus reported by the Chicago Motor Club in its weekly review:

Roads in central Illinois have been muddy, but are now in fair to good condition due to the warm weather of the past week. This applies particularly to roads in southwestern Illinois. In southeastern Illinois the highways are dry and dusty.

Wisconsin roads are all in good shape. In the southwestern part of the state they are reported better than at any previous time. A few mud spots are reported, due to local showers. Some roads have been rough but have now been dragged.

Iowa highways are good as a rule, though there are detours frequently owing to construction work, particularly on primary route No. 7. Both Lincoln and scenic highways are good, with a few detours. In central Iowa the roads are dusty.

Every road in Indiana is dry and generally smooth; in fact, Indiana roads are better than they have been, due to cragging in the spring.

All transcontinental roads are in excellent condition. The Lincoln highway from Chicago to the Mississippi river is now of concrete with the exception of two or three minor detours. From Clinton across Iowa to Omaha the road has been dragged and is dry and fast. It is good all the way across Nebraska; the recent floods have done no material damage and having occasioned only one minor detour, near North Platte, Neb. From Chicago west through Wyoming, travelers have had no difficulty with the exception of a short stretch near Rock Springs, which was rendered rather soft owing to the mountain rains but which is drying rapidly.

The Lincoln highway in connection with the Midland trail from Chicago through Salt Lake to Los Angeles is in good condition, a car having covered the distance from Los Angeles to Chicago easily in seventeen days. From Salt Lake there is a new road south through Provo, Spanish Ford, Eureka and Delta to Ely, thus eliminating a portion of the Lincoln highway through the lower end of Salt Lake desert if desirable.

The Yellowstone trail may be driven from Chicago to Seattle or Portland in fifteen to twenty days, a Ford owner and his family having covered the ground east bound in seventeen days.

TRAVELERS FROM OKLAHOMA

Yesterday afternoon A. J. Slade and family of Wagoner, Oklahoma, arrived in the city in their Dodge car, having traveled over 600 miles since Tuesday morning. They report considerable rough and hilly roads but otherwise they managed to get along very well without a puncture or other trouble.

AUTO TOURISTS

Wednesday evening an auto load from the classic precincts of Boston, Mass., arrived in the city bound toward the setting sun. After resting all night and stocking up with needed articles, they continued on their journey yesterday morning.

INTERESTING FIGURES ON AUTO OWNERSHIP

Canada stands second to United States — South Dakota leads among the States.

Winnipeg, Man. — Canada stands second to the United States as the greatest automobile owning nation in the world. The United States has 9,211,295 motor vehicles, or one to every eleven inhabitants, according to statistics of the National Automobile Chamber of Commerce of New York.

Canada has one to every 21 inhabitants. New Zealand one to 41; Australia one to 64; Cuba one to 94; British Isles one to 110. Liberia with one to every 250,000 people is at the bottom of the list.

The figures show that 83 per cent of the world's autos and motor trucks are in the United States. South Dakota leads the states in proportion to population with one to every five persons, while the farming states generally average one to every ten persons.

Of the total cars in the United States, 3,000,000 are on farms. In passenger cars United States make Great Britain's look insignificant. It has 8,221,297 against Britain's 202,000. Texas and Iowa together have more than Britain. New York has 30,000 more commercial motor vehicles than the 117,500 in Britain.

Canada, like the United States, has a large percentage of automobiles on farms. In eastern Canada, there are more in the cities but in the prairie provinces farmers own considerably more. There are prosperous regions along the Canadian National Railways where 99 per cent of the farmers have automobiles and in many other districts at least 75 per cent of the farmers have automobiles and in many other districts at least 75 per cent of the farmers have automobiles.

Miss Dorothy Hittie and Miss Jean Smith have returned to their homes in the city to spend several weeks with relatives. The young ladies have been traveling for the past season with a musical company and are here for a vacation.

## WILL SEND DELEGATES TO SHELBYVILLE MEETING

All three of the Methodist churches in Jacksonville, and most of those in Morgan county, are planning to send delegates to the conference institute at Shelbyville, July 18-23. A number of men who hold high places in the denomination are scheduled to appear on the institute program. One of the Bible study classes is to be led by the Rev. T. H. Tull of this city.

Local delegates expect to leave Jacksonville shortly after midnight Sunday night. Some will go by train, and others in automobiles. Samuel Graves of Jacksonville and Thomas Symons of Concord are among those who expect to make the trip in cars.

VISITORS WITH MR. BONANSINGA

Yesterday afternoon Peter Bonansinga had the pleasure of a visit from a number of friends and relatives. From Springfield there came Samuel Bonansinga, Miss Mary Barbro, Mr. and Mrs. C. Sansone and Mrs. J. F. Bonansinga. From Waverly there were in the party Miss Ellen Anderson, Mrs. George Zell, Eugene Guest and daughter. Mr. Bonansinga entertained them all in a fine manner and all had a splendid time.

A. Wagner drove to Jacksonville from Beardstown, Thursday.

Henry Votsmier of Ashland was a business caller in Jacksonville Thursday.

George Beekman of near Pisgah attended to business in Jacksonville Thursday.

Thomas Barbour drove to Jacksonville Thursday from his country home north of the city.

GATHERING TURTLES IMPORTANT INDUSTRY

Over \$15,000 Worth Taken From Illinois River Each Year.

SPRINGFIELD, Ill.—(By A. P.)—Gathering turtles is one of Illinois minor industries. It thrives on the Illinois river.

Around \$15,000 worth of turtles are taken out a year. One man has been making \$40 to \$50 a week catching Illinois turtles.

Reporting on an investigation, Ralph F. Bradford, chief game and fish warden, said here today: "Snappers and soft shell bring about \$6.00 per dozen and naturally count up fast. It is not unusual to see them brought in in wagons, while many barrels are shipped in."

"In the winter the turtles burrow in the soft mud in the shallow water and the fishermen take them by means of an iron rod with a sharp hook on the end which they push into the mud until they feel they feel the shell and then get it under the edge and turn them out."

"In the spring they go out a considerable distance from the water to lay their eggs and many are caught and sold at that time, which is in the closed season for fishing."

"The law has almost eliminated the common terrapin from the market since the law that a turtle with less than ten inch shell could not be sold came into effect."

"They only brought about ten cents each but there are hundreds of them where there is one of the snapped or soft shell variety and only about one in one thousand measure ten inches."

Mrs. Harry Welchman and daughter, Minnie, were callers in the city yesterday from Waverly.

SUMMER SCHOOL HAS MANY STUDENTS

Over Two Thousand are in Attendance This Year — Exceeds Last Year's Attendance By About 700.

By Associated Press.

Urbana, Ill. — With an enrollment of more than 2,000, the regular summer session of the University of Illinois is under way. This summer attendance is the largest in the history of the state university and exceeds that of last year by about 700.

The session continues for eight weeks. In the Urbana-Champaign departments 215 different courses are offered. In Chicago certain courses are offered in the university's college of medicine and college of dentistry. The dentistry courses are offered this year for the first time.

The summer session is an integral part of the university year. All courses may be carried to

ward a degree unless otherwise specified.

One of the primary purposes of the summer session is to meet the needs of teachers in the public schools who wish to spend a part of the summer vacation in study or investigation. Graduate courses are offered for college instructors, school supervisors, and principals working for advanced degrees.

Courses are offered in vocational and industrial education in preparation for teaching agriculture and home economics.

Courses for athletic coaches were established in connection with the summer session of 1914, under the general direction of George A. Huff, director of physical education for men, to meet the growing demand, not only from high schools, but from colleges and other institutions as well, for trained men to direct and coach athletics.

These courses will again be a feature of the summer session, occupying the first six weeks. All will be taught by the men who coach the athletic teams of the University of Illinois: baseball, Director Huff and Carl Lundgren; track athletics, Harry Gill; basketball, Frank J. Winters; gymnastics, Arthur J. Schuettnier; football, Robert Zuppke; and group games and mass athletics, J. L. Griffith.

The Athletic plant of the University turned into a laboratory and a large part of the instruction is given on Illinois Field.

Miss Lura Turner, a nurse at the Home Sanatorium, has left for a short vacation at her home at Paris, Illinois. Miss Genevieve Buckner, another nurse, will leave for Quincy on Friday evening.

DOWNPOUR OF METEORS IS CAUSE OF HEAT

This is Belief of Mare Island Navy Yard Astronomer

VALLEJO, Calif., July 14.—The extraordinarily warm weather of this summer is caused by an unusual downpour of meteors on the sun, increasing its radiation and effective service temperature is the belief of Professor T. J. J. See, government astronomer at the Mare Island Navy Yard, voiced in a statement tonight. He said it was based on extensive research work.

Citing the fact that unusually warm summers occur every ten or eleven years, he said "now, for the first time by profound researches astronomers are able to throw some light," upon this great mystery.

"Since a mass of meteoric matter greater than our moon is falling into the sun every century," he said, "it is very improbable that the downpour proceeds at a uniform rate. If it comes down in gusts under the actions of the chief planets, Jupiter and Saturn, then we should have sudden increases of the sun's radiation just such as we now witness all over the world."

FARM BUREAU NOTES

Wheat Yields—The writer has recently been at Waverly, Strawns Crossing, Sinclair, Prentice and Litterberry and has gotten first hand information concerning the yields of wheat in these localities. A. C. Moffett of Waverly reports a yield of 36 bushels per acre on one of his farms. This is the largest yield we have heard of so far. At the other points, the general impression is that the crop is hardly up to the average in either yield or quality. The grain is being threshed very rapidly and the elevators have had no difficulty in getting cars up to the present time. However with elevators taking grain from four to eight machines it almost taxes the capacity of the plants to take care of the grain if the present weather continues.

What Is Going to Happen to the Wheat Market?—The most of the elevators were paying \$1.10 yesterday. There was a general good feeling between the wheat seller and the grain buyer. However, everywhere there was a general feeling that the price of wheat would be higher than the present price. In spite of this optimistic feeling the large majority of the farmers are selling their grain instead of storing it. The men hauling grain very frankly state that the wheat money is the only source of ready cash at the present time.

The Rev. Samuel Graves returned Wednesday from Kilbourne, where he attended a revival meeting conducted by Evangelist D. C. Linton. He reported that a good meeting was in progress, and that fifty-eight conversions had been recorded at the time he was there.

Howard Farmer of Prentice made the city a visit yesterday.

MANY WILL TAKE PART IN PAGEANT

Will Celebrate Cleveland's 125th Anniversary — March of the Ages Leading Feature.

CLEVELAND, O. — Four thousand people, including a chorus of 1,500 voices and an orchestra-band accompaniment of 100 pieces, will participate in the great open air pageant-masque, to be produced here on July 23rd as one of the leading features of Cleveland's 125th Anniversary Celebration. The celebration, which opens July 22 and continues for nine days, is being arranged by a special commission of fifty members appointed by Mayor W. S. Fitzgerald.

From the "March of the Ages", which marks the opening of the pageant-masque, to the final union of Civic, Social and Industrial Agencies with the spirit of Democracy, the episodes symbolize the progress civilization has made in the past 125 years and will be historically correct in detail.

Some of the more dramatic episodes are "The Discovery of Fire," "The Price of the Soil," "Civilization Triumphs," "The Modern Moses of the Wilderness" and "Cleveland One Hundred Years Ago." There will be incidents depicting "The Spirit of Steel," "The King of the Highway," "From Pine Knot to Mazda" and "The Spirit of Wind and Air." There will also be a series of five tableaux of especial interest to women; namely, those showing changes in styles of women's clothing in a period of 125 years.

A special 5,000 foot stage is to be built to accommodate the unusual dimensions of the production. Cleveland lighting experts are cooperating to attain many original outdoor lighting effects.

The mayor's commission has also tentatively scheduled another big outdoor spectacle, "The Festival of Nations." This will probably take place on July 29th on "All-Americans" Day and anticipates the presentation of Old World dances and celebrations by cosmopolitan groups residing in Cleveland. The central theme of this event will be the emphasizing of true Americanism.

Several parades, a big athletic carnival, fireworks, displays and many outdoor attractions are being scheduled by the commission.

NOTICE OF EXAMINATION

An examination for teachers' certificates will be held in the office of the County Superintendent of Schools on Thursday and Friday, July 21st and 22nd. For further information call or write H. H. Vasconcellos, County Superintendent.

COOLEST PLACE IN TOWN

It was said the other day that the coolest place in town was in the big show tent. However in consultation with some who were there it was not thought to be the case. One of the coolest places in Jacksonville is in the basement of Grace church. The prayer services on Wednesday evenings are being held in the Junior S. S. room and if you want to attend a good prayer meeting and be cool come to Grace church. On last Sunday evening the services surely were of an inspiring and uplifting character. Rev. Thos. Smith past of Westminster church was the preacher of the evening and held the large audience in rapt attention during his entire discourse.

A beautiful solo was sung in a faultless manner by Mrs. Helen Brown Read. A little effort on

the part of many who do not attend to church will be well repaid on the lawn east of Grace church where the decorations of show on the lawn and ivy on the church are doing their very best to make everything look beautiful. Next Sunday evening Howells of the Baptist church preach the sermon.

WILL VISIT IN EAST

Miss Helen Ferreira left yesterday for an extended visit with sister, Miss Gladys Ferreira, Washington, D. C. Miss Ferreira will also visit in Chicago, Boston and other eastern points. The trip is a graduating present.

Mr. and Mrs. Frank Deuwer Waverly visited the city yesterday.

Howard Robinson, wife and daughter, Elizabeth of Versailles spent Friday with L. F. Berger and family.

E. F. Gess, wife and grandson John Peters and Mrs. Louise Hillig were guests of Herman Lipfert and wife near Arenzville, Sunday.

Frank Bohman and wife of Beardstown were calling on old friends here Sunday afternoon.

William Kringery of near Pittsfield spent Friday with his daughter, Mrs. J. P. Baur.

## NOTICE TO CUT WEEDS

The city ordinances provide for fine for persons who refuse to cut weeds on their property. Notice is hereby given to all property owners that these weeds, which are both unsightly and unsanitary, must be removed. Unless the ordinance is complied with voluntarily the city will have the work done and fines imposed. Conditions are such that this law will now rigidly be enforced.  
**FRANK KILORAN,  
Chief of Police**

## THRESHING NOW ON

IN GREENE COUNTY.

White Hall, July 14.—The threshing season entered the third week today with prospects for weather that will enable operations to proceed without interruption for a few days at least. Threshing has proceeded slowly on account of weather conditions, excessive straw and poor quality, some of it grading below No. 5. The yield is averaging between 15 and 20 bushels, ranging from 5 to 20 bushels. There will probably not be enough good wheat to enable the mill to operate. The local price today is \$1.05 @ 1.06.

There were never better prospects for a corn crop than at this time, according to statements of older inhabitants. The crop was planted late, but the season has been highly favorable to corn development.

Timothy and the second crop of alfalfa are now being cut. Alfalfa is in only fair condition.

There will be about half a crop of oats, and the acreage is probably half of the normal amount planted.

Pastures and meadows are in excellent condition. Country roads are dry and dusty.

## DURBIN

The Durbin church picnic is to be held on Wednesday, August 10.

George, John, Richard, Thomas and Edgar Oxley with their families drove to Joy Prairie after church services Sunday and enjoyed a fine picnic dinner at the home of their sister, Mrs. Zed Bell, Robert Oxley, and Charles Tomlinson of Maxwell, Iowa, were among the guests.

Rev. Samuel Graves visited in Danville last week.

Gilbert, the small son of Mr. and Mrs. Eugene Roller, is quite ill at the home of relatives in Waverly.

## ELM GROVE

Elm Grove, July 11.—Mr. and Mrs. R. R. Ragan and family spent Sunday afternoon with Mr. and Mrs. John Obert.

Mrs. Fred Schofield and daughters, Frances and Letha, Mrs. Stainsforth and Mrs. Lewis attended the Ladies' Aid meeting in Jacksonville Thursday afternoon.

Misses Mary and Elizabeth Welsh and Miss Mildred Ragan spent Friday afternoon with Mrs. Ross Stainsforth.

Jacksonville visitors Saturday were, Walter Fearneyhough and family, Mr. and Mrs. Ragan and family, E. L. Hamel and son, Mrs. Stainsforth and sons, Mr. and Mrs. C. E. Hamel and family, Mrs. John Tobin and son.

Mr. and Mrs. W. L. Leach visited with Mr. and Mrs. E. L. Hamel, Sunday.

Mr. and Mrs. Theodore Angels and Glenn Lear spent Sunday afternoon with Mr. and Mrs. Joe Barnhart.

Mr. and Mrs. Ed. Dobson and family, Mr. and Mrs. Luther Culp visited with Mr. and Mrs. Walter Angels and family Sunday.

## GREENE COUNTY MAN INJURED IN RUNAWAY

F. D. Vosseller badly Bruised  
When Team of Mules Ran  
Away Tuesday—Other Greene  
County News.

White Hall, July 12.—F. D. Vosseller, a well known citizen, was badly bruised about the head and body this morning when a team of mules ran away and pitched him from the seat of a hay mower onto a gatepost head first. He was rendered unconscious for some time, but was brought to his home in town in a greatly improved condition, having almost recovered consciousness. Mr. Vosseller was engaged in mowing alfalfa on his farm just northwest of town. No bones were broken.

Benjamin Kesinger was over from Wrights, Monday evening, to open negotiations with the White Hall base ball magnates for a series of games between Wrights and White Hall. The Wrights' team defeated Roodhouse last Sunday 3 to 0, and they think they are able to clean up on White Hall. The opportunity will be given them. The Madison team will come to White Hall next Sunday.

C. E. King and F. D. Vanderheyden are absent from the city today. There is a circus in Jacksonville.

## HOW FARMERS USED TO THRESH

As the writer travels through the country and sees the up-to-date threshing outfits shelling out the golden grain by the hundred bushels, he is reminded of the primitive ways in which he had a part when a boy.

How many readers of the Journal ever saw a flail, a ground thrasher, or a hand fanning mill?

A flail is a piece of hickory timber about like a pitchfork handle with a hole in one end and to it is tied a shorter piece. The wheat is placed on a threshing floor and the grain is pounded out by hand with the flail and a man well earns his wages who

## Primroses From Queen Mary

Do you wonder this boy in a London children's hospital looks happy? The nurse is handing him a bouquet of primroses sent by Queen Mary. The queen sent similar bouquets to every patient in the hospital.

keeps at it all day. With a pitchfork the straw is moved away, leaving the chaff and grain all mixed on the floor.

Then sometimes the grain was placed on the threshing floor and horses walked over it for hours. It was often in idle times and a command was, "Then start not muzzling the ox that treadeth out the corn."

In both the above named instances a hand winnowing was used, the grain and chaff being shoveled into the machine which blew the chaff in one direction and let the wheat drop down underneath.

A ground thrasher was simply the cylinder of a threshing machine placed on the ground and the grain fed into it. Behind it in fearful dust stood a force of men part of whom pitched away the straw while others shoveled aside the grain and chaff, which were separated with the hand winnowing. In those days a frequent sight was a man with a long wagon on which were loaded three or four windmills which he peddled among the farmers.

When finally the separator was ushered in it was a great improvement though for many years horses of mules were the power. The task of the men at the tail of the machine, where the writer has worked many a day, was to pitch away the straw and it was a dreadfully hard and dusty task. Now the steam thrasher with his straw carrier seems to be about as near perfection as can be expected.

## NEWS NOTES FROM MANCHESTER

Misses Mamie and Mary Ann Mowerton returned to their home in Peoria, Saturday, after a visit with relatives.

Mr. and Mrs. J. D. Horton of Girard spent Sunday with Mrs. Horton's parents, Mr. and Mrs. John Elvins.

James Goucher and wife visited their son Bert and family in Jacksonville, Saturday and Sunday.

Elmer Sooy is on the sick list. Rev. Fred Pick went to Alton Friday on business. He returned Tuesday.

Bert Spencer attended the funeral of Mrs. Lellie Few, which was held at Richwoods Tuesday afternoon.

Neal Drennan, who has been ill with typhoid fever for the past three weeks, is recovering.

Robert Van Tuyle, who has been ill for the past three months, was able to ride to town Saturday for the first time.

Mrs. Josephine Drennan and little daughter of Detroit, Mich., are visiting her parents, Dr. and Mrs. J. W. Weis and other relatives.

## ELKS INITIATED MEMBERS WEDNESDAY.

Nine new members were initiated by the Elks at their regular meeting last Wednesday evening. These included three men from Griggsville and one from Winchester. The meeting was well attended, considering the hot weather. During the business part of the meeting several special committees were appointed. There will be no more regular meetings until September 14.

## ADMINISTRATOR'S NOTICE

Estate of John T. Willoughby, deceased.

The undersigned, having been appointed Administrator of the estate of John T. Willoughby, late of the County of Morgan and State of Illinois, hereby gives notice that he will appear before the County Court of Morgan County, at the Court House in Jacksonville, at the September term, on the first Monday in September next, at which time all persons having claims against said estate are notified and requested to attend for the purpose of having the same adjusted.

All persons indebted to said estate are requested to make immediate payment to the undersigned.

Dated this 14th day of July, A. D. 1921.

J. O. Priest,  
Administrator.  
(July 15-22-29)

## CHAUTAUQUA IN PROGRESS AT ASHLAND

Five Days of Good Entertainment  
Provided at Community Chautauqua—Other News Notes.

The chautauqua opened Wednesday afternoon and evening and the first number was witnessed by a large and well pleased audience.

Miss Frankie McDaniel has been on the sick list the past week.

Mrs. Weaver and daughter of Jacksonville are visiting at the home of Bruce Green and to help care for Mrs. Green, who is very sick.

Mr. and Mrs. S. R. McDaniel, of Peoria were recent visitors with relatives in Ashland.

Mrs. Emma Dyer is visiting relatives at Wood River, Ill.

Mrs. Virgil Coffey is on the sick list.

The little son of Mr. and Mrs. Virgil Evans has been on the sick list the past week.

Mrs. Nelle Young, and niece, Frances Sammuels of Houston, Texas, are visiting Mrs. Young's father John Nix, and other relatives.

Mrs. John Young, Jacksonville visited relatives here the past week.

## BARN ON WHITE HALL FARM BURNED SUNDAY

White Hall, July 14.—The barn of William Shackelford, located four miles southwest of White Hall, was destroyed by fire which was discovered coming out of the hayloft window about 8 o'clock Sunday evening. The barn had just been filled with hay to the value of \$500.00, and it was completely destroyed. The hay was entirely covered by insurance. There was \$700.00 insurance on barn, and it represents a loss of \$1,500.00.

## MORGAN

Mr. and Mrs. C. E. Drake and son Charles Edward spent Thursday in Pittsfield, the guests of Mr. Drake's sister, Mrs. Oliver Anderson and family.

Clyde Williams and family were Jacksonville shoppers Wednesday morning.

Mr. and Mrs. Chester Williams spent Sunday with Mrs. Williams' parents, Mr. and Mrs. Jake Christison, near Winchester.

Harold Nergenah and James Anderson were Jacksonville visitors Saturday evening.

Henry Deptner was a business caller in Jacksonville, Wednesday.

Hamilton and Shoney baled hay for Earl Rabe last week.

Mr. Meyer and Miss Bergland of Jacksonville spent Sunday at the home of Charles Nergenah.

Mrs. William Fisher, of Chapin was a business caller in this vicinity Friday evening.

Ed Lear baled hay for Herbert Owens, Friday.

Robert and George Laveta and Catherine Wallace spent Tuesday afternoon with Margaret, Charles and Lorraine Williams.

## I. O. O. F. OF WHITE HALL INSTALL OFFICERS.

White Hall, July 12.—Benevolent lodge, I. O. O. F., held installation of officers Monday night, the installing officer being J. D. Rowe, district deputy. The event marked the retirement of Harry Ballard as noble grand, who was voted as the most devoted and energetic presiding officer in years. The new officers are the following: Noble grand, Virgil Thurman; vice grand, Ira Wilkinson; secretary, J. D. Rowe; treasurer, L. F. Dawdy; noble grand supporters, P. R. Stubblefield, F. I. Trunnels; vice grand supporters, Ernest C. Camm, J. B. Fulton; warden, J. H. Jolly; conductor, Lloyd Cochran; chaplain, W. A. Riggs; outside guardian, H. R. Fry; inside guardian, C. A. Dawson; scene supporters, Veatch Flowers, Kenneth Ford. The exercises were followed with refreshments.

Mrs. Fred Edwards of Carrollton is visiting her parents, Mr. and Mrs. George Coffman of this city.

## Daily Market Report

## STOCK EXCHANGE

## BUSINESS DULL

NEW YORK, July 14.—Business on the stock exchange today registered the low ebb of summer apathy, as indicated by the volume of transaction which barely totaled 350,000 shares. Prices changes among standard stocks were in keeping with these stagnant conditions.

Mexican Petroleum again asserted its leadership both as to activity and irregularity of movement. Its extreme range of about five points culminated in a net loss of 3 1/2 points. Oils and the general list were at lowest levels in the latter dealings.

Specific instances of weakness included Western Union Telegraph at a net loss of 5 1/2 points; also Crucible, Bethlehem and United States Steel, General Electric, Chandler and Sumatra Tobacco.

Rails of the better type moved within a small area but eased irregularly at the close. The money market repeated its course of yesterday all loans holding 6 per cent until the final hour when 6 1/2 per cent was paid. The six per cent rate for time loans was shaded to 5 1/2 with liberty bonds as collateral, but time accommodations were limited to short periods. Dealers reported very light operations in foreign exchange. London and the continent again reacting in favor of this market. The proposed German credit by American bankers for purchases of foodstuffs and other raw materials effected material change in German or Austrian rates.

The feature of the bond market was the ready sale of the new state of Michigan 20 year 5 1/2 issue. Liberty and victory issues were firm to strong.

## Chicago Livestock Market

(By The Associated Press)

CHICAGO, July 14.—U. S. Bureau of Markets—Cattle—11,000. Yearlings strong. ## PRICE OF WHEAT

## MAKES ADVANCE

CHICAGO, July 14.—Wheat made a fresh advance in price today stimulated by word of much blackrust in Manitoba and of irreparable damage in the domestic spring crop belt. The market closed strong 3 1/2 to 4 1/2 cents net higher with Sept. \$1.31 to \$1.32 and Dec. \$1.35 to \$1.35 1/2. Corn lost 1 to 1 1/2¢, oats finished at 4 1/2 cents decline to a like advance, and provisions 10¢ off to 7 1/2¢ up.

At first rains in Minnesota and elsewhere together with forecasts of cooler weather gave advantage to the bears in wheat but strong commission houses were persistent buyers on the decline and in the last hour the market climbed rapidly with shorts rushing to cover. The advance carried September and December deliveries to a new high price record for the season.

During the late trading bulls put great stress on reports from Brandon, Manitoba, that for miles the crops were endangered by rust and particularly where drought and heat had been least severe. Other bullish advice were to the effect that rust south of the Canadian border had come too late to do much good except to check further deterioration.

Rains in Illinois were chiefly responsible for the weakness of the corn market. Oats held steady owing to crop damage reports from the northwest. Provisions averaged higher with hogs.

Chicago Livestock.  
Hogs—Receipts 31,000. Market 15 to 25 cents higher. Top, \$10.25; bulk of sales, \$8.75 to 9.15; heavy weight, \$9.35 to 9.85; medium weight, \$9.75 to 10.15; light weight, \$10.00 to 10.25; light \$9.90 to 10; heavy packing sows, \$9.90 to 10.20; packing sows, rough, \$8.50 to \$9; packing sows, rough, \$8.50 to \$9.

Cattle—Receipts 11,000. Market steady. Choice and prime, \$9.50; medium and good, \$8.75 to 9.15; common, \$7.50 to 8.75; good to choice, \$8.40; common and medium, \$6.00 to 8.40; butcher cattle and heifers, \$4.60 to 8.75; cows, \$4.00 to 7.50; bulls, \$4.60 to 6.75; canners and cutters, \$2.00 to 5.00; canners steers, \$2.50 to 3.50; veal calves, \$9.00 to 11.50; feeder steers, \$5.75 to 7.50; stocker steers, \$3.75 to 7.50; stocker cows and heifers, \$2.50 to 3.50.

Sheep—Receipts 17,000. Market steady 25¢ lower. Lambs, \$9.00 to 11.75; lambs, culls and common, \$6.00 to 8.00; yearling wethers, \$6.00 to 8.30; ewes, \$3.00 to 5.35; culls to common ewes, \$
